AAID stands for excellence in educations, scientific development and patient care. Members who demonstrate the highest standards in implantology find the AAID to be the organization which supports their clinical and research interests, as well as recognition for their achievements. Founded in 1951, the Academy is the first professional organization in the world dedicated to implant dentistry. Its membership includes general dentists, oral and maxillofacial surgeons, periodontists, prosthodontists and others interested in the field of implant dentistry. As a membership organization, we currently represent over 4,000 dentist worldwide. The Academy's mission is simple: To advance science and practice of implant dentistry through education, research support and implant dentistry for the benefit of mankind.

MISSION

To advance science and practice of implant dentistry through education, research support and implant dentistry for the benefit of mankind.

Advertising on the *Journal of Oral Implantology* website (www.JOIOnline.org) and Table of Contents emails provides a highly effective way to reach a targeted and engaged audience of dental professionals who are specifically interested in the latest developments in oral implantology. The website serves as a central hub for cutting-edge research, clinical insights, and educational content, ensuring that advertisements are viewed by practitioners and researchers who are actively seeking new products, technologies, and solutions to enhance their practice. With digital ads, advertisers benefit from enhanced visibility through strategically placed banners, sponsored content, or promotions that directly appeal to a niche audience. Additionally, the digital platform allows for real-time engagement and measurable results, offering advertisers the ability to track interactions and optimize campaigns for maximum impact. Whether promoting implant devices, surgical instruments, continuing education programs, or software solutions, the *Journal of Oral Implantology* website provides an ideal space to connect with key decision-makers in the dental industry.
