OPERATIONS UPDATE

INSPECTOR CERTIFICATION:

ACCT has launched the application process for Inspector Certification testing at the Extreme Sports / Fall 2017 event in Harrisburg, Pennsylvania, November 8-9, 2017. Exams for all categories (In-House, Professional, Supervisor Endorsement) and levels (Level 1, Level 2) will be offered. Preparatory workshops will also be available at this event. For details, check out the website at www.acctcertifications.com.

We are now offering a new exam option for current Level 2 Professional inspectors that are testing based on the 4-year retesting requirement. This exam, titled "Level 2 Professional Re-Cert Exam" will include both Level 1 Professional and Level 2 Professional exam materials.

The Inspector Certification Program is implementing a new process for applicants interested in certification for either In-House or Professional (Third Party) Inspector. The new process is outlined below.

- Complete an application / retesting renewal form and pay the application / renewal fee
- Complete and submit the required eligibility documents
- Eligibility file is reviewed by the Inspector Certification Panel for the category / level of certification requested on the application
- Receive notification of approval or denial for eligibility to test
- If approved, pay the exam fee/s for the category / level of exam/s
- Receive a study test and exam day instructions
- Passing exam score/s will complete the requirements for certification / renewal

Please be sure to note the specific deadlines for application availability and document submission for each testing event. These deadlines will be enforced for a smooth process leading up to test day.

We look forward to assisting all applicants through the certification process.
