

2026 ENGINEERING EXCELLENCE AWARDS

Entry Form

ABOUT THE PROJECT

Submitting Firm: _____

Primary Client/Owner: _____

Project Name (*limit 45 characters*): _____

Project Category (*include appropriate subcategory*): _____

Construction Budget Type (*small \$2.5 million or less/large more than \$2.5 million*): _____

Project Location (*address, city, state*): _____

What was the Entrant's Role in the Project: _____

Completion/Use Dates

▶ Scheduled: _____ ▶ Actual: _____

Was the Project Awarded Through the QBS Process? _____

Construction Costs (*see notes below*)

▶ Total Project Budgeted: _____

▶ Total Project Actual: _____

▶ Entrant's Portion of Total Project Budgeted: _____

▶ Entrant's Portion of Total Project Actual: _____

Budgeted and/or actual costs may not apply to some entries in categories (A) Planning, Studies, and Program Management and (E) Survey, Geospatial, and Digital Engineering. For those categories, provide budgeted and actual costs. For entries in all other categories, provide construction costs for total project and entrant's portion of the project.

NOTE: With the exception of projects in categories A and E, costs are always construction costs and are NOT engineering fees. If your firm was responsible for the entire engineering design of the project, then the Entrant's Portion of the Total Project Budget amount and the Entrant's Portion of the Total Project Actual Cost amount will be the same as the Total Project Budget amount and Total Project Actual Cost amount. If your firm was not responsible for the entire engineering design of the project, then the Entrant's Portion of the Total Project Budget amount and the Entrant's Portion of the Total Project Actual Cost amount should be the part of total project construction cost your firm was responsible for (i.e., a mechanical engineering firm was responsible for \$12 million of a total project budget of \$40 million. \$12 million is the Entrant's Portion of the Total Project Budget and \$40 million is the Total Project Budget).
