

Heartland

HEARTLAND RESTAURANT (HRPOS)

**Online Ordering platform provided free of charge, no commitment for 90 days.

**Online Ordering and Delivery available for free to any restaurateur, regardless of your current POS or processing solution for the next 90 days with no obligation to continue beyond that point.

- HRPOS requires only one iPad (can be purchased through Heartland or any other retailer - used iPads work just as well!).
 - Implementation: 2-4 days.
- Menu programmed into online ordering platform at no charge.
 - Payments processed online
- Platform can be customized to fit merchants branding.

Additional resources from Heartland

LENDING - Offering a variety of small business loans through Heartland and other channels. We will release more information as it becomes available regarding the current administrations proposal of SBA low interest rate loans and how these will be disseminated.

SURCHARGING: Passing the CC fee on to the customer. If you currently surcharging your customers it has never been a better time for review as this has only recently become federally legal - many of the existing credit card processors who surcharge are doing so illegally. Heartlands surcharge program complies with all Federal and State law.
