It has officially been 6 months since the hospitality industry was first shut down in Alaska due to the COVID-19 pandemic. As Alaska CHARR continues to advocate on behalf of the industry, please help us quantify and further illustrate the economic impact that the coronavirus is still having on the industry.

Alaska CHARR developed a brief survey designed to collect important data to inform our ongoing advocacy activities to help business owners across Alaska.

Business operators: Please take a few minutes to complete this survey.
