

# Membership Model

## as of Fall 2023

AENC is taking an important step to foster increased membership among association professionals in the state. Beginning Fall 2023, we have a new membership model that significantly reduces the cost of dues for association members. This initiative aligns with AENC's core mission of "helping our members succeed". By expanding the pool of association professionals within the AENC membership, we aim to create an environment where all members can better thrive.

*For those members that need financial assistance, the Board has approved using the designated scholarship funds, that have been generated over several years by the Annual Meeting Silent Auction, for that purpose. Please let us know if you would like assistance with your dues.*

### Association Membership

Seat	Old Model		New Model since Fall 2023	
	Per Seat Cost	Total Cost	Per Seat Cost	Total Cost
1	\$295	\$295	\$295	\$295
