Structural Quantity Take Off Training

AGC Georgia
The Construction Association

About the Course

This course provides plan details covering foundations, stem walls, footers, steel columns structures, beam and girders, steel connection specifications.

Attendees will practice calculating installation and purchase quantities for concrete, gravel base, moisture barriers, reinforcing steel, CMU wall reinforcement, lintels, rebar, and grout.

The course will also cover how to review structural steel requirements, including identifying beam types, determining steel lengths and weights, and understanding connection specifications.

NOTE: This course is NOT a price estimating class, only for quantities used to prepare estimates by drilling into plans and specifications.

Modality: Hands-on class using plans (Printed or PDF) and provided Excel spreadsheet. Computer with Excel is required for class.
