

Inform USA is collecting data for the 2025 Salary Survey. The resulting report will provide information about the compensation and benefits for key positions in Information and Referral (I&R) programs across the US.

We strongly recommend that this survey be completed by someone at the executive director level or with access to current payroll and benefits information. Please submit only one response per organization.

All the information you provide will be kept strictly confidential and will be reported only in aggregate.

**Agencies that submit a completed survey will receive a FREE copy of the Salary Survey when published** (a \$74.99 value with member pricing).

The survey will take approximately 30 minutes to complete. This small investment in time provides critical data to move the sector forward by advocating for the funding and resources necessary for I&R programs.
