CSM Anatomy SIG Meeting
February 24, 2023

- Introduction to SIG Leaders present at the meeting
  - Will Conrad, Carolina Carmona, Roberto Lopez, Justin Drogos, Marsha Rutland, Jay Ciccotelli
- Core Competencies Workforce Update & Discussion
  - Started in 2018, picked up in 2021
  - Goal to foster excellence and consistency in DPT anatomy education
    - Develop objectives and competencies in DPT anatomy Education
    - Develop sample structure list recommended for DPT anatomy education
  - Have created the lists and will seek member opinion
- Ramping up the "RPM's" of SIG Collaboration
  - *R*esearch, *P*ractice and *M*entorship Collaboration Collective Survey & Discussion
    - Reviewed each question, asked for feedback
      - Anatomy may be taught in more than one course (throughout the curriculum), is all of that going to be picked up by these questions?
      - Can you set up the survey into the 3 different sections? So, you only answer the material that's relevant to you.
      - Is there information about early entry or residency, continuing education, outreach (getting people into the profession)?
- News from the Academy of Education
  - APTA is developing a research collaboration platform. The Academy of Education will be a part of that (news of that will be coming out with or before ELC
  - The Academy has hired a company to conduct member needs assessment, unclear at this point what input the SIGS will be given.
  - The academy and SIG web sites are being developed, supposedly by ELC those will be rolled out. The SIG web site will hopefully give us direct access to make changes and update.
    - Hopefully those updates can be at least on a monthly basis for news and events of the SIG.
- Nominations from the floor for SIG Leadership & Appointed Committee Positions
  - Available Positions
    - Vice Chair
    - Membership Secretary
    - Nominating Committee
    - Liaison Committee (2)
    - Research Committee (3)
    - Programming Committee

- Time for Q&A + Networking etc.
  - Please make the pathway clear for people who are not PTs but want to get involved in committees
    - Can join as affiliated members (Will will have this pathway posted clearly to the SIG web site)

- Marsha
  - ELC programming opens March 1st
  - CSM programming is due March 13th
- Will
  - We submitted to have Four posters accepted instead of Two at CSM 2024 (Boston, MA)
  - Always select "BOTH" (Poster and/or Platform) under the selection. The selection committee first chooses platform sessions. Those platform sessions not chosen are reviewed FIRST for potential poster selections. Those that select "Poster only" will be reviewed last and have the lowest chance of being selected.
  - Suggestion from the floor to submit for other sections.
- ANY QUESTIONS REGARDING THE MINUTES CAN BE DIRECTED TO THE SIG CHAIR: Will Conrad at will.conrad@achehealth.edu
