Task Force Recommendations/Updates

Residency Interviews Task Force- Recommendations made for Academy, DPT programs, Residency Directors, Students

Clinical Education Glossary- Maintenance ongoing, Submission of new terms Spring 2024

Placement Process Task Force Recommendation 2- Release of Slots- Marisa Birkmeier

Call for Vote on Recommendation 2- Academic programs will notify SCCEs via email no later than 3 months prior to the start date of a clinical education experience confirmation that the school will utilize or release the offered clinical education slot.

Discussion on the floor:

- We should listen to clinical sites needs- this is what they are asking of us

- Concerns about consortia processes- “giveback” process within consortia
- Concern from DCEs on timeline, 2 commenters= request make it more general
- Concern on lack of responses from academic programs surveyed
- Appreciation stated for working from bottom up vs top down and listen to clinicians since we rely on them for placements
- Request to state as strong recommendation
- Concern that vote is being called without notice ahead of time

Motion and second to vote on Recommendation as is made from floor.

Vote: Quorum required- 5%

108 in attendance
