EMPLOYMENT PATHS

List the employment paths for graduates over the past three years that lead to career advancement, leadership, faculty, consulting, or etc.

There has been one fellow who advanced to the position of program director. Given that many of the fellows in the APTA Fellowship in Higher Education Leadership program are already in higher education positions, minimal changes with employment stages and progression are not concerning. Nearly 100% of all fellowship graduates report a greater breadth of responsibilities/leadership opportunities beginning while in the fellowship year and attribute this to the fellowship. These include: consultation or participation in college and university committees; leadership;

faculty governance; interprofessional education initiatives; elected positions in APTA, ACAPT, and the Academy of Education. The current 2021-2022 cohort is progressing nicely through the program and are actively engaging during the Volunteer Office Hours where they have the ability to ask specific questions related to instructional reading assignments and coursework.

FACULTY CHANGES

FACULTY CHANGES

Were there any changes to faculty?

Yes

FACULTY CHANGES DESCRIBE

Briefly describe the reason for the changes.

Dr. Fink stepped down because she retired to years ago and no longer felt she was benefiting the fellows in the area of institutional leadership.

PARTICIPANT PRACTICE SITES

PARTICIPANT PRACTICE SITES

By checking the box, the program certifies that it has reviewed the Participant Practice Site Chart within the Accreditation Management System as an addendum to this Annual Continues Improvement Report.

CHANGES TO PARTICIPANT PRACTICE SITE CHART

Please indicate any necessary changes to the program's Participant Practice Site Chart (e.g., sites that are inactive, sites that have returned to existing, updated faculty, etc.), otherwise indicate no changes.

No changes.
