## ANNOUNCEMENTS

### Urgent Call to Action: Contact Your Legislators

concerned by the recent recommendation from the Reimagining and Improving Student Education, or RISE, Negotiated Rulemaking Committee, which, if enacted, would designate the doctor of physical therapy degree — and dozens of other health care professional degrees — as a graduate degree rather than a professional degree.

If this proposed definition is adopted via official rulemaking by the Department of Education, the ability to borrow for federal student loans would be severely reduced, threatening to limit the physical therapy workforce at a time of nationwide shortages.

APTA strongly opposes this proposal and will continue to engage with the Department of Education to advocate for the profession, most especially when the proposed rule is published for public comment in early 2026. APTA is urging Congress to intervene, as the proposed definition runs contrary to congressional intent.

APTA members and other advocates can use the [APTA Patient Action Center](#) to send a prepared email, with key points, to members of Congress.

Although this recommendation is not final and is subject to additional steps that include a public comment period, APTA believes the idea is misguided and misinformed and will have a significant negative impact on the health of our communities and country by diminishing the number of quality health care professionals available to an already strained workforce.

## November Federal Affairs Liaison Briefing

Please see the attached [FAL Briefing Memo for November Federal Affairs](#) updates, including information on the 2026 Medicare Physician Fee Schedule Rule and the Department of Education RISE Committee's proposed definition of a professional degree.

On November 12, the APTA released a new report and infographic on:

[The Impact of Administrative Burden on PT Services.](#)

Key findings include:

- An escalation in wait times for prior authorization, with 30% of survey respondents waiting 1-2 weeks for prior authorization approval.
- 85% of survey respondents report prior authorization requirements negatively impact patients' clinical outcomes.
- 75% of survey respondents had to hire administrative staff to keep up with the administrative demands.
- A majority of respondents agreed or strongly agreed that administrative burden has led their practice to discontinue participation with a payer or network.

## Volunteer at the Academy's CSM Booth!

Volunteering at the booth is a fun, easy way to provide service to the Academy as you get to know fellow attendees who stop by the booth.

You don't have to be an Academy "expert" - we will provide answers to FAQs. Consider signing up with a colleague or PT/PTA school classmate. It's a great way to find an hour for catching up during the busy CSM schedule.

## Virtual

March 2 - 4 Zoom

## In-person

July 29 - Aug 1, Chicago, IL

### Workshop Goals:

1. Introduce novice faculty to established roles in the academy.
2. Facilitate professional growth of developing faculty members.
3. Cultivate a network of academic colleagues among workshop participants and facilitators.
4. Create a professional development plan incorporating elements of teaching, scholarship and service.
5. Design instructional activities and assessment methods that reflect contemporary best practices.
6. Examine the integration of cultural humility within the physical therapy curricula.

### Focused Learning Opportunities:

1. Discussions on balancing responsibilities of teaching, research and service as the new faculty member acclimates to a role in higher education.
2. Applying core principles of teaching and learning, using best practices in course development, student assessments, and student engagement.
3. Fostering professionalism and coaching.
4. Focusing on the unique role of the Director of Clinical Education (DCE) as a member of the faculty team.
5. Individual or small group consulting opportunities with faculty facilitators during the workshop.
6. Post course synchronous networking and follow-up for participants.
