

Successful Mentorship

for Residency and Fellowship Education

Below is the Table of Contents for this course which covers a broad range of topics for the novice and experienced mentor.

Table of Contents

Introduction.....	4
Course Objectives.....	4
The Intentional Mentor	4
Course Orientation	5
Course Presenters	5
Lesson 1: The Resident/Fellow as Mentee	7
Resident versus Student	7
Mentor versus Clinical Instructor.....	7
The Clinical Learning Environment	8
Lesson 2: Mentoring toward Advanced Practice	8
Metacognition.....	8
Transformative Learning.....	9
Professional Competence	9
Habits of Mind	9
Challenges of Mentoring toward Professional Competence.....	10
Research on Competency and Expertise	10
Developing Expertise in Learners.....	12
Common Errors in Reasoning	12
Clinical Reasoning Models.....	13
Lesson 3: Developing Clinical Reasoning Using the ICF	13
Issues in Developing Cognitive Skills.....	13
Overview of the ICF Model.....	14
Value of Using ICF for Mentorship.....	14
Five Microskills for Clinical Mentors	14
A Walk-Through of the PT-CRT	15
Case Study Part 1: Before the Patient Encounter	17
Case Study Part 2: During the Patient Encounter	18
Case Study Part 3: After the Patient Encounter	20
Recordkeeping	20
Calculating Hours Mentored	21
Lesson 4: Concepts in Situated Learning	22
Community of Practice	22
Situated Learning	22
Core Values from the Community of Practice.....	22
Workplace Learning Model	23
Integrated Model of Clinical Development.....	23
Impact on Testing.....	25
Lesson 5: Benchmarking Strategies.....	25
The Value of Benchmarking	25
Identifying Benchmark Objectives	26

Benchmarking Example 1: OMPT Fellowship.....	26
Benchmarking Example 2: Neuro Residency.....	28
Benchmarking Example 3: Geriatric Residency	29
Setting Expectations	30
Establishing a Program with Benchmarks	30
Lesson 6: Administering Clinical Supervision Sessions	31
Structuring the Learning Environment	31
Scheduling for Clinical Supervision	31
Challenges in Scheduling.....	32
The Mentor’s Toolbox: Forms	32
Examples of Supervision Feedback Forms	34
Tips for Creating Supervision Feedback Forms	34
Strategies for Supervision Feedback	35
Addressing Patient Care Issues	36
Mentee Responsibilities.....	36
Patient Surveys	37
Lesson 7: Learner Development: Critical Role of Facilitating Reflection	37
Connecting Concepts in Thinking	37
Metacognitive Thinking Patterns: Novice versus Expert	38
Tools for Facilitating Self-Reflection	38
Self-Monitoring.....	40
More Questions for Self-Reflection	40
Revisiting the Clinical Reasoning Model.....	41
Educational Diagnosis.....	41
Categories of Educational Diagnosis	41
Lesson 8: Strategies for Clinical Supervision.....	43
The Mentor’s Toolbox: Stimulating Change through Reflection	43
The Mentor’s Toolbox: Curriculum Resources	44
Supervision Strategy 1: Partnering for Success	45
Supervision Strategy 2: Communicating with Patients.....	45
Supervision Strategy 3: Communicating with Mentees during Supervision	46
Supervision Strategy 4: Managing Think Alouds	47
Supervision Strategy 5: Developing Signals	47
Supervision Strategy 6: Planning for No-Shows	48
Supervision Strategy 7: Coping with Learner Resistance	48
Lesson 9: Structuring Your Program for Achievement	48
Revisiting the Integrated Model	48
Mentoring Strategies Using the Integrated Model.....	48
Mentee Receptivity to Feedback	51
The Mentoring Relationship.....	51
Mentoring the Experienced Clinician: Challenges	52
Mentoring the High-Performing Learner: Opportunities	52
Communication Checkpoints.....	52
Ongoing Assessment of Resident Progress.....	53
Remediation Plans.....	53
Making an Educational Diagnosis	54
Lesson 10: Program Structure for Faculty	54
Core Competencies for Mentors.....	54
Qualities of a Good Mentor.....	55

Models for Mentor Selection	56
Assigning Mentors to Mentees.....	56
Professional Development for Mentors	56
Mentoring the Mentor.....	57
Communication between Mentors	57
Mentor Evaluation.....	58
Mentor Evaluation Forms	58
Responsibilities of the Program Director	59
Conclusion	59
