Innovators Secure the Future with Adhesives & Sealants

THE ADHESIVE AND SEALANT COUNCIL
SECURING THE FUTURE®

Letter from the President

“ASC delivers career education, innovation collaboration, community knowledge sharing and a unified industry voice.”

Members of the Adhesive and Sealant Council (ASC) are the leading companies in our industry. Collectively, they represent more than 75 percent of the U.S. adhesive and sealant industry and employ more than 28,000 people, representing a \$22B industry. ASC Members are the leaders in innovation, technological advances, best practices, and manufacturing quality not only in North America, but throughout the world.

Companies join ASC because they want a competitive advantage. The Annual dues investment members make yearly, creates opportunities for them to enhance their business relationships, to grow their business, help educate and train their associates, network with industry peers, access market trends and industry research, “give back” to the industry, and speak with one collective voice.

The below are some recent accomplishments, with your ASC dues and membership commitment, helped to achieve:

- Help grow the 2025 ASC Annual Convention & EXPO to new heights.
- 1,800 webinar and training participants.
- 190 new participants in 2024.
- 114 recent Certificate Program graduates in 2024.
- \$1 Million in training content delivered to Training Academy subscribers and attendees.
- Over 170+ industry thought leaders give their time and talent, by serving on an ASC working Committee or Task Force, get engaged today!
- Published the 2024 ASC Building & Construction report in conjunction with Ducker-Carlisle.
- Continue to recognize ASC Members through the ASC Innovation Awards for their creative advancements in addressing the unmet needs of downstream industries.
- Established the Rusty Thompson Memorial Scholarship program, \$12,300 was awarded for the Fall 2024 semester.
- Our ASC Sustainability Summit and Executive Leadership Conference events continue to draw industry thought leaders together. Come get engaged in 2025!
- In 2024, celebrated the 2nd annual International Adhesive & Sealant Day.

Our programs, educational offerings, and services are made possible only from the support of ASC Member Companies, and we thank you for your strong commitment to securing the future of our industry. For a full listing of ASC Member Companies, that help shape our industry’s future, please see back cover. If you are not currently an ASC Member, I invite you to join and discover the difference, just reach-out to Brian Peters, Senior Director of Membership at brian.peters@ascouncil.org

2025 FEBRUARY

12 WEBINAR: Biobased Polyurethanes & Applications
Speaker: Joseph Marcinko, Polymer Synergies

15-16 ADHESION SOCIETY SHORT COURSE

In conjunction with AS 48th Annual Meeting
 InterContinental New Orleans,
 New Orleans, LA

16-19 ADHESION SOCIETY 48TH ANNUAL MEETING

InterContinental New Orleans,
 New Orleans, LA

2025 MARCH

19 WEBINAR: TBD
Speaker: Tim Bizati, Synthomer

2025 APRIL

14 BOARD OF DIRECTORS MEETING
 Hyatt Regency Riverfront, Jacksonville, FL

14-15 HOT MELT ADHESIVES SHORT COURSE

In conjunction with ASC Annual Convention & EXPO
 Hyatt Regency Riverfront, Jacksonville, FL

14-15 WATERBORNE ADHESIVES SHORT COURSE

In conjunction with ASC Annual Convention & EXPO
 Hyatt Regency Riverfront, Jacksonville, FL

14-16 ANNUAL CONVENTION & EXPO
 Hyatt Regency Riverfront, Jacksonville, FL

2025 MAY

14 WEBINAR: Regulatory – Title TBD
Speaker: Javaneh Tarter, Hunton Andrews Kurth LLP

2025 SEPTEMBER

22-24 ADHESIVE & SEALANT SUSTAINABILITY SUMMIT

Hotel Cleveland, Autograph Collection
 Cleveland, OH

2025 OCTOBER

20-22 EXECUTIVE LEADERSHIP CONFERENCE
 The Don Cesar, St. Pete Beach, Florida

2025 DECEMBER

12 BOARD OF DIRECTORS MEETING
 Virtual

2026 FEBRUARY

7-8 ADHESION SOCIETY SHORT COURSE
In conjunction with AS 49th Annual Meeting
 Hyatt Regency Savannah, Savannah, GA

8-11 ADHESION SOCIETY 49TH ANNUAL MEETING
 Hyatt Regency Savannah, Savannah, GA

21 WEBINAR: Boost Formulation Performance with New Toughening Technologies
Speaker: Alex Dureault, Jose Fanjul – Huntsman

27 WEBINAR: Election 2024: Public Policy Implications for the U.S. Adhesive and Sealant Industry
Speaker: William Allmond – Adhesive and sealant Council

2026 MARCH

19 WEBINAR: Inverse Polymer Design in Non-Reactive Adhesives Using Artificial Intelligence
Speaker: Tim Bizati, Synthomer

2026 APRIL

20 BOARD OF DIRECTORS MEETING
In conjunction with ASC Annual Convention & EXPO
 Grand Hyatt Nashville, Nashville, TN

20-21 PRESSURE SENSITIVE ADHESIVES SHORT COURSE (PSA)

CAULKS & SEALANTS SHORT COURSE (C&S)

In conjunction with ASC Annual Convention & EXPO
 Grand Hyatt Nashville, Nashville, TN

20-22 ANNUAL CONVENTION & EXPO
 Grand Hyatt Nashville, Nashville, TN

2026 JUNE

11 WEBINAR: Grants to Support Manufacturing and Sustainability Projects
Speaker: Micki Vandelloo – Lakeview Consulting, Inc.

15-17 EXECUTIVE LEADERSHIP CONFERENCE
 Pendry Park City, Park City, Utah

2026 SEPTEMBER

TBD ADHESIVE & SEALANT SUSTAINABILITY SUMMIT
 TBD

WAC2026 • Sept. 16-18, 2026
 Hosted by FEICA • www.wac2026.org

2026 OCTOBER

8 WEBINAR: Adhesives and Sustainable Packaging: Market Trends, Drivers, and Unmet Needs
Speaker: Graeme Roan – The ChemQuest Group

2026 DECEMBER

11 BOARD OF DIRECTORS MEETING
 Virtual

2027 APRIL

19-20 TWO TECHNICAL SHORT COURSES

In conjunction with ASC Annual Convention & EXPO

ASC | CONVENTION & EXPO

"The most impactful aspects have been the opportunity to hear about the latest developments and trends from industry experts and the face-to-face networking with suppliers, customers, and peers."

H.B. Fuller

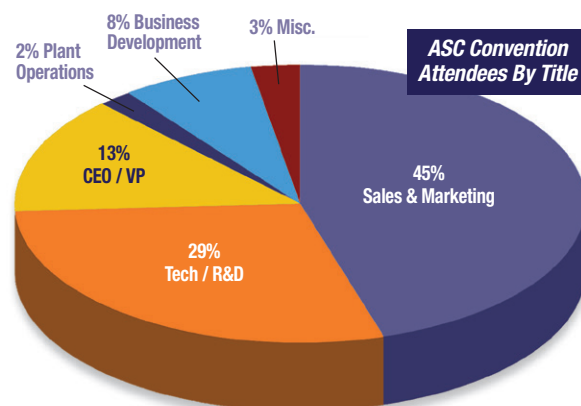

"We gain great value from the annual meeting through meetings with key partners and sponsoring a booth."

Teckrez, LLC

The Adhesive and Sealant Council hosts an annual convention & industry trade show once per year in April. The convention consists of two full days of educational, networking and corporate social responsibility initiatives as well as an adhesive & sealant EXPO trade show and two technical short courses.

CONVENTION OVERVIEW

The Annual Convention & EXPO is the only event where you will have an opportunity to network with 800+ industry leaders from all levels and departments of large and small adhesive and sealant manufacturer and supplier companies worldwide. The attendee profile consists of upper-level management (CEO/VP), technical/R&D, sales & marketing, plant operations, and business development. This three-day event also includes three keynote presentations and concurrent technical sessions focusing on business development and market trends, regulatory, market segments and new/advanced technology/applications.

EXPO OVERVIEW

The EXPO is the industry's DIRECT ACCESS to the leading suppliers, technologies and solutions in the adhesive and sealant market and is open to all suppliers, manufacturers and service providers in the industry. This is where attendees find the latest products, services and solutions for their applications.

This is your company's chance to showcase its products and services to buyers and decision makers, network face to face, share product & service information and discuss the latest technologies.

The EXPO allows you to CONNECT with the industry. With exclusive "EXPO Only" hours and traffic builders, such as an Exhibitor Appreciation Reception and door prizes, the exhibit hall is an effective and efficient way for companies to market their products and services to a targeted audience.

SPONSORSHIPS

Maximize your exposure at the ONLY ASC Convention! Involving your company in pre-convention and onsite promotion can increase visibility and market recognition while demonstrating your support of the adhesive and sealant industry.

"ASC brings together an unparalleled combination of industry leaders and innovators. As a rapidly growing supplier to the adhesives and sealants market, the value of this platform in helping us gain visibility and credibility cannot be overstated."

Re Mixers, Inc.

"Networking events like the annual conference foster connections for growth."

Matrix Adhesives Group

ASC TRAINING ACADEMY CERTIFICATE PROGRAM & WEBINARS

The Adhesive and Sealant Council's Training Academy Certificate program or TAC was developed in response to ASC's 'Long Range Plan' strategic initiative to create a curriculum for adhesive and sealant professionals to grow and learn throughout their career. The TAC program was launched in mid-2016 and can count **827 graduates** from all disciplines in the adhesive and sealant industry.

THE TAC PROGRAM offers a structured curriculum to provide the necessary fundamentals and focused adhesive and sealant education for a holistic understanding of the technical and business issues within the adhesive and sealant industry.

- 100% web-based program utilizing live and on demand recorded webinars.
- Each graduate must pass proficiency exams for 12 required courses within one year.
- Six mandatory CORE courses include: Adhesion, Adhesives, Sealants, Polymer Science, Testing and Formulation Principles. These courses were specifically developed for the TAC program and are not available anywhere else.
- Six FOCUS courses are chosen by learner to maximize relevancy in: Markets and Technologies (three courses), Chemistry (two courses) plus one elective course. The FOCUS library contains over 65 courses and growing.

TAC access can be economically purchased through subscriptions or single access.

SUBSCRIPTION DETAILS

Full Corporate Subscription — UNLIMITED access to ALL live and OnDemand webinars in the library PLUS an UNLIMITED number of certificate registrants per year in one country.

Lite Corporate Subscription — UNLIMITED access to all live and OnDemand webinars in the library PLUS up to four (4) certificate registrations per year.

Single Certificate — Access for ONE learner to access/select 13 courses within the learning platform to meet the 12-course graduate requirement within one year.

Global Corporate Subscription — UNLIMITED access to ALL live and OnDemand webinars in the library PLUS an UNLIMITED number of certificate registrants per year globally.

Member/End User and Nonmember pricing structure for yearly subscription for North American staff. *Full International inclusion is an additional fee.

LIVE ON-DEMAND WEBINARS

Live and On-Demand Webinars cover diverse, relevant topics such as specific markets, technologies, chemistries, current research in periphery topics of adhesives and sealants.

- Content designed to address needs and interests of both new and veteran professionals.
- Educational webinars available for purchase are delivered on our fundamental, non-commercial platform.
- Commercial Free Friday Webinars are free to attend and apply principles using commercial product introductions from industry suppliers.

& PROGRAMS

TECHNICAL SHORT COURSES

Technical Short Courses are held at ASC Annual Conventions in April. The 1.5-day courses are a solid introduction to technologies and can also serve as an extension of learning after TAC graduation.

- Courses rotate through six technology topics: Waterborne Adhesives, Pressure Sensitive Adhesives, Polyurethane Adhesives, Hot Melt Adhesives, Caulks and Sealants, and Formulation Strategies.
- Courses are generally broad enough for commercial professionals but robust for technical staff.
- Connection with presenters and peers allows for growth of network and deeper understanding of topics.

WHO SHOULD ATTEND:

These courses are ideal for adhesive and sealant chemists, application engineers, sales and marketing staff from manufacturers, raw material & equipment suppliers and end users of adhesives and sealants.

NOTE: Short course participants are invited to join the industry at the Welcome Reception and the EXPO trade show at the ASC Annual Convention to network with the industry.

LEADERSHIP CONFERENCE

ASC ANNUAL EXECUTIVE LEADERSHIP CONFERENCE

The Annual Executive Leadership Conference is a must attend forum that delivers high value programming while delivering opportunities to connect suppliers to formulators. This 2-to-3-day event will bring together thought-provoking speakers that will share their views on the future, allow time for one-on-one dialogue, networking, learn new approaches to management issues and connect with their industry peers.

Who Should Attend:

Ideal for **CEOs, Senior Vice Presidents, Executive Vice Presidents, and Vice Presidents** would benefit greatly from the focused leadership content, keynote speakers and speaker presentations, group discussions and C-Level networking that will take place at this important industry leadership event. As the industry's top executives come together to engage with leaders and innovators, we will together focus on navigating through change to drive success within the A&S industry!

Get in front of executive thought leaders by supporting this VIP event via sponsorship to include corporate, activity, networking and program sponsorships.

ASC SUSTAINABILITY INITIATIVE

In 2021, the ASC Board of Directors established the ASC Adhesive & Sealant Sustainability Initiative to advance and support sustainability efforts on behalf of members and the industry.

Our four strategic objectives are to:

- Collect member and industry insights, informing initial priority areas for sustainability work.
- Source member case studies on sustainability initiatives to promote industry wins and highlight best practices.
- Map sustainability value chain for select markets to communicate the value of sustainability.
- Develop member resources to expand the footprint and impact of sustainability focused education.

The ASC Adhesive & Sealant Sustainability Initiative identifies three progress areas of focus:

- Advancing the circular economy
- Reducing environmental impact in operations and supply chain
- Making a positive impact for our employees and communities

ASC SUSTAINABILITY SUMMIT

As a part of the initiative, ASC hosts a Sustainability Summit, a 1.5-day event held in the fall. The summit programming includes sessions highlighting three adhesive and sealant markets: building and construction, packaging, transportation, each of which has unique needs and value chain but all markets that use adhesives and sealants are of interest.

The ASC Sustainability Summit brings the value of adhesive and sealant sustainability to our downstream partners: end users, Tier 1, brand owners and other external stakeholders.

Additionally, ASC offers a series of free Sustainability reports, webinars and podcasts. Visit the ASC website at www.ascouncil.org to download Sustainability reports, view podcast /webinars and register for the Sustainability Summit.

What is the Innovation Awards Program?

The ASC Innovation Awards Program recognizes innovation in adhesive and sealant product developments. The awards identify significant impact chemistries that contribute to downstream industries unmet needs and advancements in technology. In step with ASC's Long Range Plan, ASC will help accelerate innovation by recognizing leading companies with this prestigious awards program. The awards are given annually and are presented on stage at ASC's Annual Convention each spring.

There is one category for "Best Innovation". ASC also recognizes the first and second runners-up. Raw material suppliers or manufacturers of adhesives and or sealants as well as academia can submit for the award.

Recipients of these awards will demonstrate the value proposition of the novel chemistry and added value in a field application or improvement in design and chemical process. To be eligible for an award(s), a nominated technology must meet the scope of the ASC Innovation Awards Program by meeting each of the specific five criteria. To view the criteria and the submission requirements, download the Nomination Package document at www.ascouncil.org/innovation-awards

Sponsorships are available for this prestigious award program.

Learn how to become a sponsor at www.ascouncil.org/innovation-awards

The ASC Scholarship Program began in 2017 by the late Rusty Thompson, former President of Evans Adhesive, beloved member of the ASC Board of Directors, and a friend and mentor to many in the adhesive industry. He strongly believed in assisting the next generation with achieving their collegiate goals in pursuit of their future career objectives.

The ASC Scholarship Program was initiated in memory of Gene Simmons, one of the industry's most experienced, knowledgeable and respected pressure sensitive adhesive formulators and mentors. In keeping with his spirit of willing mentorship, this award was started with the support of Evans Adhesive to support students in pursuit of their degree in a related field.

In 2024, ASC's Board of Directors renamed the program in Rusty's honor to the Rusty Thompson Memorial Scholarship.

Eligibility Requirements

To be considered for scholarship funds through the ASC Scholarship Program, candidates must:

- Be a full-time junior or senior at an accredited college, university, or community college.
- Be pursuing a degree in a science-related or business field of study.

Selection Process

The Selection Committee reviews all applications to determine the best overall applicants. Scholarships are awarded based on a recipient's relevant academic field of study, future career objective, and academic and/or leadership achievements. The highest-rated students are selected as scholarship recipients.

Award Amounts

Scholarships are awarded annually to 7-8 applicants, depending on the availability of funding, in an amount ranging between \$2,000-\$3,000 each, depending on the volume of selections.

Donations

ASC's Scholarship Program is funded exclusively from donations. To donate to the ASC Scholarship Program, please visit www.ascouncil.org/scholarship-program. ASC is a 501(c)(6) nonprofit organization, donations are not tax deductible. All donors/donor companies will be announced at the ASC Annual Convention each year along with the scholarship recipients.

Application

Applicants must submit a brief (750-1,500 words max) statement discussing: the applicant's key academic and extracurricular achievements, how their degree could be applied to a position in the adhesive and sealant industry, and their future career interest.

For more information visit www.ascouncil.org/scholarship-program

REGULATORY ADVOCACY FOCUS

What We Do to Keep Members Informed and Involved?

Adhesives and sealants are regulated at the federal, state, and local levels through a variety of government rules and regulations. Though most of our focus is on federal regulations, states such as California actively regulate adhesives and sealants at the state and regional level and require our engagement.

Monthly Regulatory Newsletter (members only) — Each month ASC members receive a free newsletter via e-mail that summarizes important regulatory policy developments. The newsletter is produced each month by Thompson Hine LLP.

Convention Programming — Every convention features tracks dedicated to issues facing our industry. Attendees have the opportunity to hear directly from agencies such as the U.S. Environmental Protection Agency, California Department of Toxic Substance Control or the South Coast Air Quality Management District on their latest proposals.

Regulatory Alerts — Changes to issues come quickly and ASC is committed to alerting you to any changes we are aware of within 24 hours of becoming notified. Those involved in environmental, health and safety issues should sign up for the alerts so they can move issues up the chain of command quickly.

Regulatory Update Webinars — Twice a year ASC offers webinars providing the latest information on critical regulatory issues while allowing members the opportunity to ask questions related to the significance of their particular operation.

Regulatory Affairs Committee — ASC members environment, health and safety personnel participate in phone conferences and meetings throughout the year reviewing issues and jointly developing industry positions for ASC articulation. These leaders ensure that our team is aware of the impact of any proposals in order for us to be effective advocates.

REACH THOUSANDS OF END USERS

NEW WEBSITE ADVERTISING OPPORTUNITIES

Reach END USERS in Key Markets!

- With over 50,000 visitors and 150,000+ page views per year with wide market penetration, the Adhesives.org website is a POWERFUL and EFFECTIVE tool for reaching END USERS.
- Place ads on major market pages including Building & Construction, Paperboard & Packaging, Transportation (Auto/Aero), Consumer/DIY, Assembly Operations, Woodworking & Joinery, and Footwear & Leather. Other pages available as well.
- VERY AFFORDABLE pricing makes it an extremely cost effective tool to deliver your message.
- Adhesives.org is used globally by END USERS looking for trusted information on adhesive and sealant technologies, applications, product & supplier resources, and educational opportunities specific to their and market and applications.

The screenshot displays the Adhesives.org website interface. At the top, the navigation bar includes links for ADHESIVES 101, MARKETS, TRAINING, RESOURCES & TOOLS, VIDEOS, NEWS, and SUSTAINABILITY. The 'MAJOR MARKETS' section lists various industries: Building & Construction, Paperboard & Packaging, Transportation (Auto/Aero), Consumer/DIY, Assembly Operations, and Woodworking & Joinery. Below this, a section titled 'How adhesives are used in this major market...' provides a detailed overview of applications in building and construction, including flooring, roofing, wall coverings, and joint cements. A 'YOUR AD HERE' banner is prominently displayed, encouraging users to reach thousands of end users in key markets. The featured product ad for MegaBond Construction Adhesive is shown, highlighting its use in bonding wood and other materials. The ad includes a headline, a description of the product's benefits, and a call to action to learn more.

For more information, or to place an ad, contact Myranda Nickoloff at myranda.nickoloff@ascouncil.org, (301) 986-9767.

INDUSTRY RESOURCES

Market Reports

ASC publishes a North America Adhesives & Sealants Market Report once every three years. This critical report is full of quantitative and qualitative market data in an easy-to-digest format that gives your company access to the critical data NECESSARY to help plan for future sales growth! Learn more at www.ascouncil.org/marketreports

Buyer's Marketplace

Looking to source a formulation raw material, adhesive or sealant? The online Buyer's Marketplace is a quick and efficient directory tool to source the right solution and the right partner for your formulation or application needs. Users can narrow their directory search by market segment, technology, raw materials, equipment or service needs. Try it at www.ascouncil.org/looking-for-adh-seal-solution

Adhesives/Sealants.org

Your One Source for Everything Adhesives & Sealants, www.adhesives.org is where the industry and end users can learn more about the science and chemistry of adhesives and sealants, their best uses and benefits, explore specific markets, read about the latest innovations and news from the industry, access online training, download selection guides and white papers, engage with the industry supply chain, and so much more!

Connected to ASC Podcast

Each month ASC explores current hot topics, issues, and biggest trends within the adhesive and sealant industry and what it means for our members. We invite industry experts and people from inside and outside the industry who share valuable insights with listeners. Listen here: www.podomatic.com/podcasts/bill-allmond

Industry News

Explore the latest news from the industry including product innovations, manufacturer updates, academic research, market news, end uses, supply chain updates, and more at www.adhesives.org/news-innovations

Quarterly Updates & Publications

ASC's digital quarterly update newsletter and the Adhesive & Sealant Showcase magazine will help you stay on top of industry news, happenings, innovations, movers & shakers, and critical market updates. Learn more at www.ascouncil.org/quarterly-updates-and-asc-publications

Crisis Recovery Program

ASC established a members-only, voluntary Crisis Recovery Program to facilitate interest among members to assist member companies in need of fulfilling their supply commitments due to the unforeseen circumstances, such as natural disasters, labor strikes, or other domestic emergencies. Members can learn more **here:** www.ascouncil.org/crisis-recovery-program

Standards

ASC provides a listing of ASTM D14 Adhesive and C24 Sealant Committee Standards such as Test Method, Practice Method, Specification, Guide, and Terminology Standards.

Learn more at www.ascouncil.org/standards

Affinity Programs

ASC has established affinity partnerships between service companies and our organization to offer ASC members exclusive products or services with member discounts that they won't find anywhere else. Learn more at: www.ascouncil.org/affinity-programs

Career Center

ASC members enjoy an exclusive benefit with the ability to post their job openings on our Career Center page. This is a great way to promote the company's latest openings to help recruit top talent to fill critical positions within their companies. Learn more at: www.ascouncil.org/asc-member-job-board

Past Convention & Short Course Proceedings

Missed a presentation at a past Convention or Short Course? ASC's past proceedings library will help you stay current and keep informed. Proceedings are available for purchase online at www.ascouncil.org/store/past-convention-proceedings
