

2023 ASC AWARDS INNOVATION

CALL FOR ENTRIES

Submission Deadline: January 31, 2023

What is the Innovation Awards Program?

The ASC Innovation Awards Program is designed to recognize innovation in adhesive and sealant product developments. **These awards identify significant impact chemistries that contribute to downstream industries unmet needs and advancements in technology.**

The award is intended to foster and encourage innovation across the Adhesive & Sealant Industry. Raw material suppliers, manufacturers and academics focused on adhesives and/or sealants can submit for the award.

The Awards

There is ONE Award Category for 2023, which will be awarded at the **2023 ASC Annual Convention & EXPO**, April 17-19, 2023 at the Hyatt Regency New Orleans, Louisiana. ASC will also recognize the first and second runner ups.

Who Can Submit?

Raw material suppliers, manufacturers of adhesives and/or sealants, and academics can submit for the award.

How Does a New Product/Technology Win?

The Recipient of the award will demonstrate the value proposition of the novel chemistry and added value in a field application or improvement in design and chemical process.

To be Eligible for the award, a nominated technology must meet the scope of the ASC Innovation Awards Program by meeting each of the specific five criteria. To view the criteria and the submission requirements, download the Nomination Package document at www.ascouncil.org/innovationawards

Visit the web address above for complete details including:
