

Ready to Make a Difference?

Associations North, D&I Committee

Associations North strives to provide its members and stakeholders with the tools they need to succeed in a rapidly changing association leadership environment.

Among the areas of focus is diversity and inclusion in the association industry. And Associations North's Diversity and Inclusion Committee is one of the ways it is leading in this area. Dara Rudick and Melvin Tennant, will once again serve as committee co-chairs.

Associations North values and seeks diversity and inclusiveness within the association management industry. It also advocates for and promotes involvement, innovation, and expanded access to leadership opportunities that maximize engagement across underrepresented groups in the membership.

You are invited to join the Diversity and Inclusion Committee to help advance this work. We are seeking committee members from all backgrounds and with a wide range of skills sets such as sponsorship development, training, advocacy, marketing and research.

The committee has laid a strong foundation of initiatives that Association North members can use to expand their memberships, train their staffs and members and stay plugged in to relevant business trends in diversity.

Make a difference and join this impactful committee. Email Associations North at info@associationsnorth.com with your interest.

Next Diversity & Inclusion Committee meeting will be set once we receive volunteer commitments. Details to follow.
