

Group	Leaders	Description
ABA as a Career	Fali Sidhva	This SIG focuses on increasing awareness of Applied Behavior Analysis (ABA) as a career. The group has developed outreach materials, including flyers and a dedicated careers page on the CASP website.
ABA in Educational Settings	Francine Holguin, Michele Heid	This SIG is dedicated to a discussion of best practices and public policy related to the delivery of ABA services for autism in educational settings. This group is replacing two related SIGs, i.e., "Schools and "ABA as an IEP service."
Adult Programs	Laura Hernandez, Kate Lewis	The purpose of the Adult Programs SIG is to provide a collaboration space for clinicians who support adults with autism. This group will allow professionals to share resources, establish and collaborate on best practices, and provide support for members working with adult clients.
Assent	Holly Dillen, Jeff Dillen, Ellen Rhoads	The purpose of the Assent SIG is to establish a community of CASP members that are interested in and motivated to support each other as we promote and provide assent-based practices.
Billing*		The Billing section provides CASP members a forum to share resources, tools, and best practices related to billing and reimbursement.
Business Intelligence		The CASP Business Intelligence Special Interest Group (SIG) is intended to provide a peer support network for organizations that use PowerBI.
Business Operating Systems (BOS)		The Business Operating Systems (BOS) SIG is for CASP Members who are (or are interested in) utilizing an operating system within their organization. The BOS SIG meets quarterly to problem-solve and discuss operational issues/barriers typically experienced at the Director/C-suite level within an organization.
Caregiver Collaboration	Heather O'Shea, Catherine Hughes	The Caregiver Collaboration Special Interest Group (SIG) focuses on strengthening partnerships between ABA professionals and caregivers. This group is a place to share resources, training materials, and communication strategies to enhance caregiver engagement in treatment plans.
CentralReach	Kerri Bowser, Paul Heering, Stacy Smith	This SIG will endeavor to consolidate feedback from the CASP community to facilitate organizational collaboration and coordination on best practices, as well as work to provide a unified voice to CentralReach regarding all clinical, business, and operational aspects of the software that CASP members need in order to be successful.
CEO*	Fali and Jonathan	The CEO Section offers CASP member CEOs a dedicated space for leadership development, peer collaboration, and strategic insights on managing and growing autism service organizations.
Client Outcomes	Tracy, Allison	The Client Outcomes SIG provides CASP members with tools and resources to measure and enhance client progress in ABA therapy.
Clinical Directors	Elizabeth Matthews, Jamie Collins	The purpose of the Clinical Director Section is to provide a space for clinicians who share similar job responsibilities involving the provision of clinical oversight within their organization. This group will allow them to share resources and collaborate on problem-solving for issues that arise within the Clinical Director role.
Compliance*	Kristen Koba-Burdtt, Eileen Mendes	The Compliance Section is focused on meeting the mission and goals of CASP to ensure all aspects of service delivery reflect quality and meet various payor requirements for compliance in the industry.
Credentialing	Stephen Wood, Chris Kirk	
Diversity - DEI	Kristen Koba-Burdtt, Dallas Star	The diversity, equity, and inclusion (DEI) SIG is focused on DEI issues service providers face. The primary focus of the SIG is addressing DEI issues within the workforce, such as increasing the diversity of behavior analysts and creating inclusive and equitable workplaces for providers.
Documentation	Heather O'Shea, Rebecca Womack	The Documentation SIG is focused on developing standards for clinical documentation for ABA services. The SIG will also serve as a resource for questions and discussions around documentation.

Group	Leaders	Description
Employment-Vocational		
Ethics	Maria Sasaki Solis, Crystal Harms	The purpose of the CASP Ethics SIG is to continually evaluate the use and interpretation of the Behavior Analyst Ethics Code by practitioners and provide support in order to navigate potential ethical dilemmas when they arise.
Finance*		
HBCS		
Home-Based		
HR*		
Insurance-Medicaid	Rebecca Thompson, Andi Waks	This SIG is for discussion of issues related to insurance and Medicaid funding of autism healthcare services.
Marketing*	Andy Beres	
MHPAEA	Maribel Fernandez	This SIG is dedicated to a discussion of Mental Health Parity, including ways to better educate the field on how to effectively utilize MHPAEA to ensure access to medically necessary care and services
Motivity		This SIG collaborates with members to identify specific needs of organizations and individuals utilizing Motivity.
Multispecialty Practices	Becca Tagg	This SIG focuses on collaboration across disciplines that often serve individuals with autism, such as physical therapy, occupational therapy, speech therapy, mental health, and psychological testing, among others. We reflect on processes and practices within organizations that provide interventions across disciplines to be as effective as possible and as efficient as possible.
Naturalistic Developmental Behavioral Intervention (NDBI)	Jamie Hughes Lika, Yvonne Bruinsma	
NonProfits		A forum for nonprofit providers to share unique challenges encountered as providers.
Operations*		
Profound Autism	Ellen Rhoads, Ronald Moreno	
Residential	Lorri Unumb	The Residential SIG is open to any members who offer residential services.
ReThink	Melissa Saunders	The CASP ReThink SIG is intended to provide a peer support network for organizations that use ReThink to support clinical, billing, and practice management within their agencies.
Small Business	Brittney Farley, Anissa Jepsen	This SIG aims to provide best practice recommendations for small business delivery of clinical services and operations. The small business SIG aims to provide resources to CASP members regarding advancements, policies in service delivery, and operational procedures of a small business.
State Licensure of Center-Based Clinics	Ken Winn	The State Licensure of Center-Based Clinics SIG focuses on navigating and addressing state-specific licensing requirements for ABA clinics.
Supervision	Laura Hernandez	The purpose of the Supervision SIG is to provide a space for BCBA's who provide clinical supervision to RBT's, BCaBA's, and supervisees in coursework to collaborate, share resources, best practices, and expertise to improve the overall quality of supervision.
Telehealth	Joy Pollard, Linda Heitzman-Powell	The purpose of our SIG is to provide best practice recommendations for telehealth service delivery of ABA treatment. The telehealth SIG aims to provide resources to CASP members regarding advancements and policies in service delivery via telehealth.
Therapy Brands	Amanda Bloom, Rebecca Urbano Powell	This SIG is for users of Therapy Brands products that have feedback on system needs that are going unmet. This includes issues you are experiencing or system limitations that prevent your business from operating effectively and efficiently (e.g., cannot pull reports required to monitor the health of the business, such as billable hour completion report)

Group	Leaders	Description
Tricare	Brittney Farley, Elizabeth Matthews	The purpose of this SIG is to communicate about Tricare concerns, issues, and updates, and gather feedback to pass to Tricare as a collective group.
Working with Medical Providers	Crystal Colette	The Working with Medical Professionals SIG is dedicated to fostering collaboration between autism service providers and medical professionals.
