## **First National Bank of Moultrie moves a step closer towards a new drive-thru facility**

On August 22, 2022, First National Bank of Moultrie, GA, held a groundbreaking celebration to commemorate the construction of the bank's new drive-thru facility located at 24 1<sup>st</sup> Street SW.

In January First National Bank of Moultrie announced the acquisition and purchase of the old YCMA site and the adjoining properties for the new drive-thru facility.

"We are excited to see this project come to fruition. Adding this drive-thru expands our commitment to Moultrie and Colquitt County," said Brad Barber. "Not only will this property offer our customers the convenience of a drive-thru, but it will also enhance the downtown area," continued Barber.

Customers will soon have the convenience of a drive-thru location and be able to connect with a live banker through First National Bank of Moultrie's new Interactive Teller Machines.

ITMs are user-friendly and easy to operate as the video technology is prompted through touch screens. Customers can select to interact with a live FNB Team Member using the ITMs or the ATM function as needed.

"We are excited for customers to utilize this convenient drive-thru location," said Marc DeMott, First National Bank of Moultrie Market President. "
