Nicholas A. Jesi, Principal, CISA, Wolf & Company, P.C.

Nick is a Principal in Wolf's Advisory Group and serves on the Firm's Information Technology (IT) Audit Team, where he manages IT audit services for clients in a variety of industries, including the financial, educational, government, commercial, and healthcare sectors. He has significant expertise in enterprise risk management, general information security and controls, IT governance, business continuity and disaster recovery planning, and penetration testing. Nick also has extensive experience with compliance considerations, including the Gramm-Leach-Bliley Act, the Health Insurance Portability and Accountability Act (HIPAA), Sarbanes-Oxley (SOX) 404 internal controls testing, NIST 800-171, and System and Organization Controls (SOC) reports.

Nick lives in Massachusetts with his wife, children, and dog. When he's not at work, he enjoys spending time with his family, hiking, hanging out on his boat in the summer, and snowmobiling in the winter.
