

## Position Statement

Dear CLEAR Members,

I am honored to seek election to the CLEAR Board of Directors. As a regulator and active CLEAR member, I have found tremendous value in the organization's commitment to advancing excellence in professional and occupational regulation. Through CLEAR conferences, educational programs, and networking opportunities, I have had the privilege of learning from regulators across jurisdictions and disciplines who share a common goal: protecting the public through effective, accountable, and forward-thinking regulation.

My professional experience has provided me with a unique perspective. I serve within a small-to-mid-sized regulatory environment where resources are limited, yet expectations and responsibilities remain significant. Like many regulators, we must continuously balance public protection, operational efficiency, good governance, and evolving stakeholder expectations. These experiences have strengthened my appreciation for practical solutions, collaborative leadership, and the importance of sharing knowledge across jurisdictions.

If elected, I would bring a strong commitment to governance, accountability, and member engagement. I believe CLEAR plays a critical role in supporting regulators as they navigate increasingly complex legal, technological, ethical, and societal challenges.

My priorities include:

1. Ensuring CLEAR's programs, education, and resources remain relevant, innovative, and responsive to emerging regulatory issues and contemporary best practices.
2. Supporting sound governance through clear policies, strategic planning, and responsible stewardship of organizational resources.
3. Promoting diversity, equity, inclusion, and accessibility in a manner that strengthens CLEAR's ability to serve its diverse membership and the communities regulators protect.
4. Encouraging collaboration and knowledge-sharing among regulators of all sizes, recognizing that smaller jurisdictions and organizations often face unique challenges that deserve representation and attention.
5. Strengthening engagement with members and external partners to ensure CLEAR continues to be a trusted global leader in regulatory excellence.

I am committed to fulfilling the responsibilities with diligence, integrity, and professionalism. I will actively participate in Board and committee work, contribute thoughtfully to strategic decision-making, and serve as an ambassador for CLEAR and its mission.

Thank you for your consideration and for the important work you do in advancing effective regulation worldwide. I would be honored to serve the membership and contribute to CLEAR's continued success.

Sincerely,

*Amelia Manuel*
