Greetings!

When it comes to must-attend events, ACT's **International Conference** is the one not to miss for TDM professionals and all of us working to advance sustainable transportation options within our communities. I encourage you to check out the [program](#), which features many timely topics. Most importantly though, the conference brings together over 600 people from across North America, providing you access to some of the brightest minds in the field.

With many networking opportunities, chapter and council meetings, and social events, there is also no better place to meet new colleagues, share knowledge, and get nerdy with TDM. Our next price break is Friday, so [check out the event and register](#) to join ACT in Denver.

This month, ACT opened **nominations for our Board of Directors**. ACT's Board is made up of dedicated individuals committed to leading the organization forward to achieve our strategic goals and ensure the delivery of programs, advocacy, and services to our membership. We are seeking nominations for six At-Large Director positions, as well as all Officer roles. You can learn more about the opportunity and [submit your nomination online](#).

In response to our recent legislative victory, with language calling for a report on the use of TDM strategies at airports, ACT has launched a working group of member airports and airport stakeholders to help us influence the scope and direction of the report to be conducted by the Government Accountability Office. This group may also develop additional programming to bring forward unique TDM challenges facing airport facilities and their millions of commuters and travelers. If interested in participating, contact [Zachary Calderón](#).

It has been wonderful to see **TDM Week** continue to grow...

EVENT

Here's why you should take a TDM Week pledge

With such strong participation in [TDM Week](#), it may be easy to underestimate the importance of your pledge, but please know that each and every one matters!

ACT's membership and the greater TDM community is spread throughout the country and beyond, and we can make a difference on a larger scale by banding together. TDM Week is truly a movement, and now is the time to join. Review the list of pledges and choose how you'll take action this year.

Members in ACTION

Members of ACT's [Southern California Chapter](#) recently gathered for a happy hour in Los Angeles to discuss Bike to Work Week. The gathering featured great conversation and a chance to reflect on plans and lessons learned from the week.

This month, the [Chesapeake Chapter](#) hosted a hybrid event featuring a deep dive into social marketing. The event focused on getting your TDM message out to the right people and how to address common roadblocks. It was a fantastic opportunity to learn from industry peers about a critical industry topic!
