LETTER FROM THE EXECUTIVE DIRECTOR

In 2025, ACT strengthened its position as the leading voice for TDM by expanding our programming, membership benefits, policy efforts, and community strength. This year marked the start of our 40th anniversary celebration, a notable milestone for the organization.

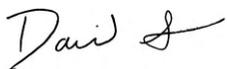

The achievements detailed in this report are a testament to what is possible when a committed professional community aligns around a common goal. For ACT, our **1,600 members** work hard every day to create a better journey for all.

This report features many incredible highlights from 2025, but a few I'd like to call attention to are:

- ACT's **first-ever international delegation**, which brought TDM professionals to the UK to learn best practices from their major events
- The formal launch of the Accredited TDM Organization (**TDM-AO**) credential, which recognizes organizations performing industry-leading TDM work
- The publication of our first-ever **Global TDM Impact Report**, which spotlights the stories of nearly 30 member organizations

None of these achievements would be possible without our dedicated members. Our Board of Directors, chapter leaders, councils, committees, and other volunteers dedicate many hours to advancing ACT's work and supporting the success of our membership.

In 2026 and beyond, we remain committed to amplifying the voice of our members and the TDM industry itself. A few areas of upcoming focus include our milestone 40th Annual International Conference, new exciting professional development opportunities, and advocacy for the Maximizing Transportation Efficiency Act. Be sure to follow along with us this year for updates about these priorities and more.

DAVID STRAUS, TDM-CP
EXECUTIVE DIRECTOR

SPRING INTO TDM

Minneapolis, MN | April 16
Redwood City, CA | April 17
Arlington, TX | April 17-18
Atlanta, GA | April 28
Cambridge, MA | April 29-30

Five ACT Chapters (Midwest, Northern California, Red River, SEACT, and Patriot) welcomed attendees for hands-on Spring Into TDM events this year. Programming uplifted insights from the area and fostered regional connections. Their regional focuses led to diverse lineups, relevant topics, and the creation of strong local TDM communities.

Though each event featured its own programming, attendees enjoyed tours, keynotes, and local subject matter expertise. Topics of focus include major event planning, local case study spotlights, funding opportunities, program evaluation, and more.

TDM WEEK

Nationwide | September 15-19

2025 continued the TDM Week momentum through the theme of **“Advancing TDM Through Policy.”** Members, non-members, and key stakeholders alike came together to take action, attend in-person events, and uplift the many societal and personal benefits of TDM.

Participants joined the movement by participating in activities planned by ACT Chapters. TDM Week generated a projected reach of **63k across social media platforms, six events, and four organizational media mentions.**

DC FLY-IN

Washington, DC | September 15-16

Members joined ACT's national advocacy efforts by headed to Washington, DC to meet with Congressional staff. Eight ACT members from throughout the country attended meetings with a total of 21 offices.

Connecting with key members of Congress, their staff, and U.S. Department of Transportation staff was a vital opportunity to advance ACT's policy priorities ahead of surface transportation reauthorization.

UK DELEGATION

The United Kingdom | March 24-28

This delegation trip connected ACT members with world-class stadium facilities, event management organizations, transportation agencies, and public officials leading efforts to advance innovative mobility solutions for sporting events, concerts, and global celebrations.

Over five days, attendees visited five venues including Wembley Stadium, Olympic Park, Wimbledon, Tottenham Hotspur Stadium, and Manchester City. Planned in partnership with Modeshift, a leading UK TDM organization, this trip was an essential opportunity to explore mobility solutions for major events and stadiums.
