

TDM EDUCATION DAY @ THE CAPITOL

Join us on **September 15th from 9am-12pm** at the **Wisconsin State Capitol!**

TDM Education Day @ the Capitol is an opportunity to educate legislators about TDM (transportation demand management) policies, programs, and strategies, such as:

- State and local TDM ordinances
- Marketing, outreach, and education on transportation options
- Carpooling and vanpooling

By engaging with policymakers, participants can help shape future transportation policies that improve mobility, reduce congestion, and lower vehicle emissions. Please join us to educate legislators on sustainable and cost-effective transportation solutions.

Hosted by the Association for Commuter Transportation (ACT)
