

2019

PDX landside transportation features have changed significantly since 2019

The Covid years were by no means unproductive. Comparing aerials from 2019 and 2023 shows all the landside improvements that have been accomplished.

2023

1. TNC, Taxi traffic moved away from the terminal to former Rental Car Facility
2. Paths to Long-Term and Short-Term Parking consolidated and simplified.
3. Parking Exit Plaza expanded and moved away from the terminal.
4. Rental Car Return traffic moved away from the terminal.
5. Airport Way moved north.
6. Concourse A demolished.
7. Concourse B expanded and reoriented.
8. Expanded Rental Car Customer Center.
9. Third Garage (P3) and expanded Rental Car Facility
10. Ground Transportation Plaza: TNCs and Taxis Pick Ups
11. Light rail track and platform rebuilt to add the second track and ped-bike path
