“

Before I became a driver, I was having transportation problems, and it was causing me to miss work because I had to get my car repaired. But this program is the perfect opportunity to help me out with gas, repairs, and money”

– Ida

“

Tyson has taught us to work together to get things done. When you're a driver, you're no longer thinking about yourself. But working together motivates me to be better for my teammates and those who depend on me to get to work each day.”

– Tracey

IS VANPOOLING RIGHT FOR YOU?

YES! If the following is true...

- You would rather read, catch up on work, listen to favorite music, podcasts, or simply nap on your commute.
- You would like to save big bucks by leaving your car at home and save thousands of miles on your vehicle odometer, repairs, wear and tear, etc.
- You would like to save even more money by using Pre-Tax dollars to pay for your commute.
- You hate sitting in traffic, long tiresome commutes, road rage, inclement weather driving, etc.
- Public transportation is not possible for you so this is a great option.
- You would love to get picked up and dropped off at home or at a designated pick up point every day.
