

ACT National Award Categories

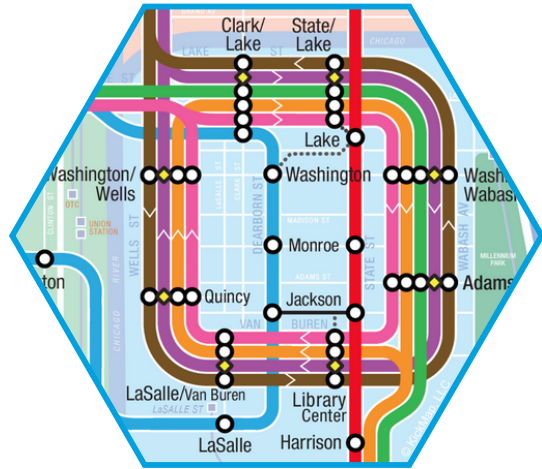

Image provided by: KickMap

Commuting Options - Recognizes an exemplary program, policy, or service that advances one example of each of the following commuting options: active commuting, public transit, ridesharing, telework, or best overall.

Excellence in Planning - Recognizes public agencies at the local, regional or state level who have taken notable steps to incorporate TDM into their transportation and land use planning process.

Outstanding TMA - Presented to the TMA that best uses its public/private partnerships to achieve local or regional transportation goals.

Marketing and Outreach - Recognizes organizations that have implemented an educational campaign for their community that involves: commuting options, current transportation projects, impacts of transportation on the environment, etc.

Employee Transportation Champion - Presented to an ETC that best demonstrates commitment to promoting and advancing commuter transportation options at their worksite.

NEW Outstanding DEI Award - The Diversity, Equity, and Inclusion (DEI) Award recognizes achievements in supporting diverse populations and to create belonging in the commuter transportation and transportation demand management (TDM) environments. The company or individual nominate
