

# CPR International Mediation Competition

The CPR International Mediation Competition is returning in-person to São Paulo, Brazil, March 30 - April 1, 2023.

With conflict so prevalent around the globe, the need to build dispute resolution capacity is more acute than ever. The Competition does just that, by providing an opportunity to promising students from around the world to develop their skills in mediation, gain critical knowledge and feedback from renowned experts in mediation, and create a network among future practitioners in the field.

## SPONSORSHIPS AND SCHOLARSHIPS

Your generous sponsorship demonstrates your organization's commitment to embedding dispute resolution skills in the next generation of leaders in the field. Each sponsorship enables the Organizing Committee to cover the general costs of organizing the competition. Platinum and Gold sponsorships also contribute to the Scholarship Fund for eligible teams with demonstrated financial needs who might not otherwise be able to attend the competition in São Paulo.

These scholarships provide life-changing experiences for students, as recounted by a previous [scholarship recipient](#) team from the University of Nairobi, Kenya in 2019.

The Scholarship Fund will be allocated by the Organizing Committee based on various criteria including: (1) the demonstrated funding need; (2) diversity, equity and inclusion; and (3) a statement from the applicants on how participating in the competition will help them develop mediation in their countries.

**Specific Scholarship Fund:** If you would like to create a special Scholarship Fund to financially support a team meeting specific eligibility criteria, please contact us.

## Sponsorship Opportunities

### PLATINUM SPONSORSHIP ~ USD \$10,000

- Recognition as a Platinum Sponsor and Scholarship Fund Contributor in the program, on the event webpage, in CPR's bi-weekly email newsletter *The DateBook*, in CPR's social media, and distributed to local and international contacts.
