A. PURPOSE AND ADMINISTRATION

The grant shall be used exclusively for the projects specified in this Agreement.

The grant awarded by this Agreement is made with the understanding that the Association has no obligation, now or in the future, to provide financial or other support to the Grantee.

The Grantee will directly administer the project(s) being supported by the grant and agrees that no grant funds shall be disbursed to any person, organization or entity, whether or not formed by the Grantee, other than as specifically set forth in, or contemplated by, the Grant Application.

The grant is made, and must be used, in accordance with all applicable laws, regulations and rulings.

In order to receive funds from the Association, the Grantee (or its fiscal agent, if applicable) must have received, and hereby represents and warrants that it has received, a ruling from the Internal Revenue Service confirming that the Grantee (or its fiscal agent, if applicable) is exempt from federal income tax under section 501(c)(3) of the Internal Revenue Code and that the Grantee (or

its fiscal agent, if applicable) is not a private foundation as defined in Section 509(a) of the Internal Revenue Code. In the event there is any change in the Grantee's (or its fiscal agent's, if applicable) tax-exempt status, the Grantee (or its fiscal agent, if applicable) will immediately notify the Association in writing. It is expressly agreed that any change in the Grantee's (or its fiscal agent's, if applicable) tax status or any use by the Grantee (or its fiscal agent, if applicable) of the grant proceeds for any purpose other than those specified in Section 170(c)(2)(B) of the Internal Revenue Code will terminate the obligation of the Association to make further payments under the grant.

The Grantee must request approval in writing for any significant changes, additions or deletions to any part of the project goals, objectives, activities, outcomes, timetable or budget submitted by the Grantee. Approval, if given, will be indicated in writing by the Association. The Grantee will notify the Association in writing if there is a change in key personnel essential to the ongoing administration of the Grantee or projects funded by the grant. If there is any question as to the significance of a particular change, addition or deletion, the Grantee will contact the Association.

In the event that any uncertainty develops as to the Grantee's ability to fully implement any aspect of the project(s) covered by the grant, either due to a lack of financial resources or otherwise, the Grantee will promptly notify the Association.

The USA Patriot ACT of 2001 and other federal laws and regulations and executive orders administered by the U.S. Treasury Department's Office of Foreign Assets Control ("OFAC") prohibit, among other things, the engagement in transactions with, and the provision of services to, certain foreign countries, territories, entities and individuals. The Grantee warrants and represents that as of the date of application through the term of the grant award, none of the following is a country, territory, individual or entity named on OFAC lists of the Sanctioned Countries or Specially Designated Nationals: Grantee; any person or entity controlling or controlled by Grantee, or any person or entity for whom the Grantee is acting as agent or nominee in connection with this transaction. The Grantee understands and agrees that any violation of this paragraph will be grounds for immediate termination of the grant.

All expenditures must adhere to the specific line items in the approved project budget or in subsequent approved amendments. Expenses charged against this grant may not be incurred either prior to July 1st, 2023, or subsequent to the expiration or termination date of the grant and may be incurred only as necessary to carry out the purposes and activities of the approved project(s) as set forth in this Agreement.

The Association, at its expense, may audit or have audited the books and records of the Grantee (or its fiscal agent, if applicable) insofar as they relate to the disposition of the funds granted by the Association, and the Grantee (or its fiscal agent, if applicable) shall provide all necessary assistance in connection therewith.

F. PERFORMANCE MONITORING

The Association will conduct a performance monitoring process to ensure the Grantee is doing what was approved in this Agreement (including any subsequent modifications); meeting programmatic, administrative and financial requirements pertaining to the grant; adhering to approved project plans and timelines; and, identifying, reporting and resolving any problems or issues.

The goals of grant monitoring are to:

- Provide accountability and oversight for the Grantee
- Ensure grant expenditures are allowable
- Measure overall program performance of the Grantee
- Provide additional assistance if the Grantee is experiencing challenges or barriers in meeting the terms of the grant

Monitoring may take the form of:

- Phone calls

- On site visits
- Group meetings
- Conference calls
- Report reviews

The Association will schedule the form of monitoring with the grantee at least two weeks in advance, as follows:

- Schedule the date, length and time of the visit, call or conference call
- Designate staff to be interviewed, typically the chief administrative officer and/or other key administrative and financial personnel with grant responsibilities
- Outline the need for access to programmatic and financial files and documents pertaining to the grant

Prior to the visit, call, or conference call, the Association will review Progress Reports and any other information submitted by the grantee. Following is a list of questions that will assist in the analysis of the materials.

Project Performance:

- Do Progress Reports adequately describe the grant's scope of work? Are more details needed? If so, what?
- Are progress reports submitted on time in compliance with reporting deadlines outlined in the NOFA? If not, has the Project Liaison communicated with FAFCC Staff prior to reporting deadlines?
- Is there sufficient supporting documentation for grant expenses (e.g., Are there position descriptions and payroll information for personnel paid for in part or in full with grant funds? Are there receipts for the purchase of goods and services, and have those goods and services been operationalized?)
- Are expenses progressing on schedule and as described in the Grant Application?
- Is there any evidence of a change in the scope of work for the grant?
- Are there weaknesses that have been identified either by FAFCC staff and/or the Awardee? If so, has a plan of action been discussed and/or put into place?
- Is the grantee encountering any difficulties or challenges in completing the grant's scope of work?
- Are there any modifications that need to be made to the Grant Agreement? If so, what?
- What are the strengths and accomplishments thus far?

Financial Information:

- Do Progress Reports contain complete and sufficient information on expenditures?
- Do expenditures have sufficient supporting documentation?
- Are there significant variances to the Grant Budget?
- Are adjustments to the Grant Budget needed? If so, what?
- Is overall grant accounting and reporting of expenditures being conducted in an orderly and appropriate manner?

Following the performance monitoring contact with the Grantee, the Association will prepare a Grant Monitoring Report and send it to the Grantee's project liaison. The report will contain answers to the questions above and an overall assessment of the grant performance to date, including strengths, problem areas, and recommendations for improvement.

G. ACCESS TO AND USE OF PROJECT INFORMATION

If the grant is terminated prior to the scheduled completion date, the Grantee (or its fiscal agent, if applicable) shall, upon request by the Association, provide to the Association a full accounting of the receipt and disbursement of funds and expenditures incurred under the grant as of the effective date of termination. The Grantee (or its fiscal agent, if applicable) shall repay within thirty (30) days after written request by the Association all grant funds unexpended as of the effective date of termination and all grant funds expended for purposes or items allocable to the period of time subsequent to the effective date of termination.
