then Click Hello Guest Sign in. Go to your Products page and you will be able to access the course by clicking on Download Materials. You can access the post-test and evaluation by clicking on Get Certificate.

Each interested participant will need to sign in to purchase the course. All physicians licensed in Florida (MD and DO) have an established login for our online catalog (regardless of whether they are a member or not).

****The user name for any physician is the email address that we have on record for them. If a physician does not know his/her password, there is a password lookup link which generates an email to allow them to reset their password. If we don't have an email address listed for a physician or we have an incorrect address, it will be difficult for them to log in. These folks can call the FMA at 800.762.0233 to request login help.**
