

Local Oral Health Programs and Head Start Agency Partnerships

Local Oral Health Programs (LOHPs) connect individuals to dental care and provide oral health education and resources. It emphasizes the importance of a healthy mouth, teeth, and gums for overall health and offers assistance in finding a dentist or insurance. The program also connects families to a dental home for coordinated and family-centered oral health care.

Do you work at a Head Start Program?

Find your LOHP contact here

- Click [here](#) to download the LOHP contact list, or scan the QR Code >>
- Then click “LOHP Contact Excel Workbook”
- Coordinators are listed by county

Are you an LOHP contact?

Find your Head Start contact person here

- Click [here](#) to access the Head Start locator, or scan the QR code >>
- Enter the county name in the search box, click “search”
- Head Start Centers will be listed. Click on “more about this grantee” for program-level information
