DIECUTTING & DIEMAKING 101 WORKSHOP

**Friday, March 24 &
Saturday, March 25, 2023**

**Keystone Folding Box
Newark, New Jersey, USA**

PROGRAM OVERVIEW:

This two-session course is designed to provide a safe environment for basic demonstrations and hands-on learning for industry prospects.

Our goal is to expose, teach and match interested individuals with the knowledge and skills required for positions within the diecutting and diemaking industries.

The first session focuses on the diemaking process and the second session will focus on diecutting.

PROGRAM AUDIENCE:

Entry level positions in diecutting and diemaking and students with a mechanical background.

REGISTRATION:

Space is limited for this complementary program and will be filled on a first come, first serve basis.

**Reserve your seat at
www.iadd.org/?events**
