

NOVEMBER 5-6, 2025

Join Your Colleagues and Save Until October 1!

Join us for ITEEA's 2025 Fall Forum: For the Classroom and Beyond—a dynamic two-day virtual experience designed to empower educators with innovative strategies and resources for both in and beyond the classroom.

This year's event will feature sessions packed with hands-on activities, demonstrations, and best practices to elevate teaching. Topics will also explore broader educational issues such as funding, legislation, recruitment, retention, and nontraditional learning pathways.

- ☐ **Early-Bird Registration** (Save Money!) Available until Wednesday, October 1, 2025
- ☐ **At-A-Glance Schedule** Now available online

Don't miss this opportunity to connect, learn, and lead in technology and engineering education.
