

# ITEEA AWARDS AND SCHOLARSHIPS

**Highlighting Technology and Engineering Educators!**

**Recognize the Efforts of Outstanding Colleagues!  
ITEEA Makes it Easy!**

**DEADLINE: NOVEMBER 1, 2024**

We all have colleagues who routinely go the extra mile on behalf of their coworkers and students. Isn't it time that their contributions and achievement are celebrated? YOU can make that recognition happen by nominating someone for an ITEEA Award.

ITEEA created its awards program to raise awareness of and exposure to the outstanding work being done in technology and engineering education. Award and scholarship opportunities exist for educators at all levels: undergraduate and graduate students and programs at the elementary, middle, and high school levels. ITEEA award winners will be recognized at ITEEA's 87th Annual Conference on April 2-5, 2025 in St. Louis, MO. Apply or nominate by November 1, 2024.

- Applaud excellence in the classroom through ITEEA's Program Excellence and Teacher Excellence Awards.
- Apply for an ITEEA Foundation Scholarship to support your educational goals.
- Recognize service through the Distinguished Technology and Engineering Professional (DTE) and Emerging Leader (EL) distinctions. *(DTE and EL applications have been streamlined!)*
- Nominate the outstanding work of colleagues through one of ITEEA's Special Recognition Awards.
- Highlight collaborative efforts through the William E. Dugger Exemplary Collaboration Award.
- And many other opportunities!

**Full award and scholarship details are available at  
[www.iteea.org/awards-and-scholarships](http://www.iteea.org/awards-and-scholarships)**

**Don't wait - apply by the November 1 deadline!**
