

## Engineering byDesign™ State Consortium STEM Educators: Instructions for Accessing Free Standard Edition Curriculum

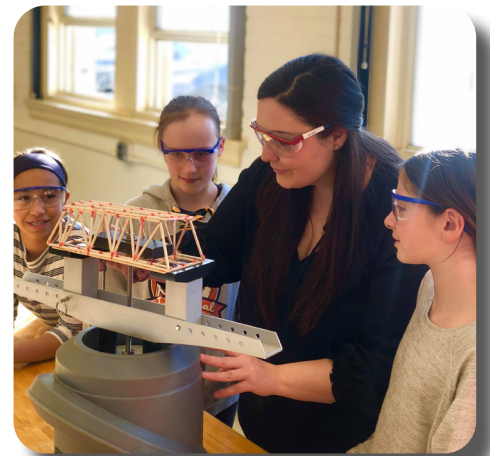

If you are in an Engineering byDesign (EbD) **Consortium State\***, you're eligible for a special opportunity! Enjoy exclusive, FREE access to our PreK-12th grade standards-based Engineering byDesign standard edition curriculum. This opportunity can be shared with any public school preschool-12th grade teacher in an EbD™ Consortium State\*.

Visit [iteea.org/login](http://iteea.org/login) before checkout. Don't have a FREE ITEEA account? No worries! Go to [www.iteea.org/create-account](http://www.iteea.org/create-account) and join the community, it's free!

Once you have an account and you're logged in simply fill out the short form below to confirm your details and complete the checkout process. You'll receive an email confirmation, and then you can dive into all the amazing standard edition curricula available on your [STEM by State](#) page.

Note: Educators must teach at a public school or public charter school in a consortium state to be eligible. Private schools and public schools in non-consortium states can contact [ebd@iteea.org](mailto:ebd@iteea.org) for more information on curriculum access.

Ready to take your curriculum options to the next level? We also have a Media-Rich Curricula version that is built into our BUZZ Learning Management System (LMS). Email us at [ebd@iteea.org](mailto:ebd@iteea.org) to start a conversation.
