

Engineering byDesign™ State Consortium STEM Educators: Instructions for Accessing Free Essential Learning Edition Curriculum

As part of an Engineering byDesign™ (EbD™) [Consortium State*](#), you're eligible for an exclusive opportunity! Enjoy FREE access to our PreK-12th grade standards-based Engineering byDesign™ essential learning edition curricula.

If you don't have a FREE ITEEA account, no worries! Go to www.iteea.org/create-account and join the community, it's free! Or **become an ITEEA Member** and enjoy all the **benefits and perks!** Visit iteea.org/login before checkout to make sure you are logged in.

Once you have an account **and** you're logged in simply fill out the short form below to confirm your details and complete the checkout process. You'll receive an email confirmation, and once your application is approved, you can dive into all the amazing EbD™ essential learning edition curricula available via Google Drive.

Note: Educators must teach at a public school or public charter school in a consortium state* to be eligible. Private schools and public schools in non-consortium states can contact ebd@iteea.org for more information on curriculum access.

Ready to take your curriculum options to the next level? We also have an Interactive Learning Edition that is built into our D2L Brightspace Learning Management System (LMS). Email us at ebd@iteea.org to start a conversation.
