PRICING

\$299 for ITEEA Members | \$429 for Non Members

Enroll any time - access granted within 2 business days of payment

- 👉 Register now to boost your skills, become certified, and bring Onshape to life in your classroom!

"The bridge between learning CAD and proving proficiency through certification can be a challenge, but ITEEA has bridged that gap perfectly. Their curriculum is expertly aligned with our Associate Certification standards, providing educators with a turnkey solution and students with a clear roadmap to success. It is, quite simply, one of the best preparatory programs we've encountered."

-Alyssa Walker - Senior Director, Onshape Education
