- ✓ 3 units: each with 5 lessons and 2 challenges
- ✓ Start anytime - finish in ~40 hours at your own pace
- ✓ \$299 for ITEEA Members | \$429 for Non Members

*"The bridge between learning CAD and proving proficiency through certification can be a challenge, but ITEEA has bridged that gap perfectly. Their curriculum is expertly aligned with our Associate Certification standards, providing educators with a turnkey solution and students with a clear roadmap to success. It is, quite simply, one of the best preparatory programs we've encountered."*
