

UNLOCK YOUR STEM POTENTIAL AT ITEEA 2026

Join us for ITEEA's 2026 Annual Conference, themed Making Waves: Forces Advancing Technology, Engineering, and STEM Education. This premier international event is your gateway to cutting-edge ideas, inspiring sessions, and meaningful connections in STEM education.

Take your experience even further with our exclusive, ticketed Engineering byDesign™ (EbD™) Experience add-on. This hands-on professional development opportunity provides 15 hours of immersive training in the [EbD curriculum](#)—perfect for educators looking to deepen their expertise and bring powerful strategies back to their classrooms.

WHY CHOOSE THE EbD ADD-ON?

- ✓ Enjoy Conference benefits PLUS dedicated curriculum training.
- ✓ Seats are limited to ensure a focused and impactful experience.
- ✓ Gain confidence to implement a curriculum that prepares students for tomorrow's challenges.
- ✓ Participants may apply for 3 graduate credits (additional fee applies).

WHAT YOU'LL RECEIVE

- ✓ 15 hours of EbD curriculum training.
- ✓ Access to the 2026 ITEEA Annual Conference.
- ✓ Free access to EbD curriculum through June 30, 2026.

WHO SHOULD ATTEND?

All PreK-12 Technology, Engineering, and STEM Educators looking to elevate their practice with proven curriculum strategies.

DONT MISS OUT!

Secure your spot today and experience the best of both worlds - an **international conference and elite curriculum training** - all at one unforgettable event.

Be sure to add the EbD Conference Experience \$100 Ticketed Add-On to your registration before checkout.
