Please describe your personal and professional experiences with nonprofit organizations. *

I served as a Peace Corps volunteer for over two years and have taught in the NYC public schools for two years. Afterwards I taught literacy at the International Institute of Boston and then worked in their employment training program.

I have spent years volunteering in my children's public schools, both in the classroom and serving with the Parents Associations. I also served on the board of the Pineland Suzuki School, a nonprofit music program. I currently serve as a School Board member in the RSU18 school district.

.....

Please describe your top 3 policy goals. *

- 1) Keeping public schools strong and graduates in Maine
 - 2) Working to maintain a clean environment
 - 3) Addressing the mental health crisis
-

Please provide specific ways in which, if elected, you would partner with the nonprofit sector to achieve the goals of your campaign. *

All three of my policy goals require partnership with nonprofits. I will be working closely with the schools to find ways to support their needs. For the environmental piece I will be working with lakes associations and similar agencies. And for addressing the mental health crisis I intend to support crisis centers, social workers, counselors and the like
