Please describe your personal and professional experiences with nonprofit organizations. *

My experience with nonprofit groups has been infrequent. I spent 24 years in the Air Force moving often. My movement put me in touch with organizations I might not have know existed. I have donated, sponsored, or been a participant at Extra Life, Red Cross, Think Pink, Meals on Wheels (MoW), and St. Judes. I have seen the good works and effort of volunteers and employees. My best experience was definitely MoW. A little human contact went a long way on my deliveries. It was a humbling experience.

Please describe your top 3 policy goals. *

Increase awareness and creation of agricultural opportunities within local communities.

Implement a new public housing structure with an agricultural component.

Improve library patron access to materials via electronic means as well in person. Encourage active young reader scenarios online and in person.

Please provide specific ways in which, if elected, you would partner with the nonprofit sector to achieve the goals of your campaign. *

Partnering with the nonprofit sector to achieve your campaign goals can be highly effective, as nonprofits often have established networks, expertise, and resources that can complement your objectives
