Please provide specific ways in which, if elected, you would partner with the nonprofit sector to achieve the goals of your campaign.

Helping Mainers meet their basic needs needs to be job #1. I look to nonprofits as the experts in helping people meet those needs. To pass good legislation, we need to rely on the experts who do this work daily to tell us what they need to succeed. I recently met with MACSP to talk about group homes. I will be partnering with them on legislation that deals with licensing.

MANP does not endorse candidates or promote or endorse any political party. MANP's goal is to educate nonprofits and legal and effective advocacy and election season activity, to educate candidates about the impact and potential of the nonprofit sector, and to educate voters by soliciting information directly from candidates on how they would strengthen and partner with the sector if elected.
