Please describe your personal and professional experience with nonprofit organizations

I have served and currently serve on several nonprofit boards. I know how vital the nonprofit sector is in serving the needs of the communities I represent in the Maine Legislature.

Please describe your top three policy goals.

Continuing to build food sovereignty infrastructure in statute and in local communities; enacting the Maine Voting Rights Act of 2027; and increasing accountability in state agencies and government programs.

Please provide specific ways in which, if elected, you would partner with the nonprofit sector to achieve the goals of your campaign.

I am working with several nonprofit advocacy organizations to advance food sovereignty, voting rights and government accountability for the many nonprofits that the state partners with to deliver the services that make life better for people.

MANP does not endorse candidates or promote or endorse any political party. MANP's goal is to educate nonprofits and legal and effective advocacy and election season activity, to educate candidates about the impact and potential of the nonprofit sector, and to educate voters by soliciting information directly from candidates on how they would strengthen and partner with the sector if elected.
