Please describe your personal and professional experience with nonprofit organizations

I have been on the boards of 4 nonprofits and remains on the boards of Mid Coast Hunger Prevention Program and Maine Public Health Association. When I was in graduate school, I did some program evaluation for another nonprofit.

Please describe your top three policy goals.

Clean air, water and land. More housing. Better and more accessible healthcare

Please provide specific ways in which, if elected, you would partner with the nonprofit sector to achieve the goals of your campaign.

I am frequently in touch with the Bath Housing director. I also meet with environmental nonprofits regularly. And I am open to working with Maine Health.

MANP does not endorse candidates or promote or endorse any political party. MANP's goal is to educate nonprofits and legal and effective advocacy and election season activity, to educate candidates about the impact and potential of the nonprofit sector, and to educate voters by soliciting information directly from candidates on how they would strengthen and partner with the sector if elected.
