Please describe your personal and professional experience with nonprofit organizations

I served on the Board of the Cape Elizabeth Land Trust, including two years as Board President and leading the organization to national accreditation. I am currently an advisor to CELT. I volunteered with Pine Tree Legal Assistance, part-time, for eight years providing pro bono representation to Mainers with low income. During my eight years in the legislature, I have worked extensively with nonprofit advocacy groups on legislation relevant to the mission of those groups. For the past four years I have served as a board member of a nonprofit, Farms for Food Equity, aimed at supporting Maine agriculture and reducing food insecurity.

Please describe your top three policy goals.

My top three policy goals are as follows:

- Strengthening Maine law, especially constitutional protections, to ensure that Maine residents are protected from federal actors who do not follow legal requirements.
- Reducing reliance of fossil fuels and mitigating the impacts of climate change on Maine communities and our state.
- Providing economic security to Mainers, especially in the areas of affordable housing, utility costs and healthcare.

MANP does not endorse candidates or promote or endorse any political party. MANP's goal is to educate nonprofits and legal and effective advocacy and election season activity, to educate candidates about the impact and potential of the nonprofit sector, and to educate voters by soliciting information directly from candidates on how they would strengthen and partner with the sector if elected.

Please provide specific ways in which, if elected, you would partner with the nonprofit sector to achieve the goals of your campaign.

I will work with advocates specifically in the areas of environmental protection, civil rights, and on issues such as affordable housing and access to healthcare that impact Mainers with low income.
