Course #324 pending approval for 0.9 DW Technical CECs (attending full two days)
WW CECs have been applied for.

BEST TASTING WATER:

Regional 2025 Competition kicks off at the U.P. Spring Water Conference, April 1–2, and we want YOU to be part of it!

What to Do:

1. Fill a quart mason jar with water straight from your distribution system (the plant tap is best!).
2. Do not refrigerate your sample.
3. Bring it to the registration desk when you arrive at the conference.

Your water will be judged by an independent panel, and the U.P. Regional Winner will be move on to the state finals at the MI-AWWA Annual Conference in Port Huron, September 2025 — and possibly to the national stage.

It's easy, fun, and a great way to show off your system's quality—**don't forget your mason jar!**

EXHIBITORS:

Load-in will be between 2pm – 6pm on Monday, March 31. Tables are first come first select. Each table comes with two chairs. IF you need a table cover/skirt they will have them available in the room at no extra cost. Can't make it on Monday? You can still load in starting at 6:30am on Tuesday.

Once again, thank you for registering for **MIAWWA Spring U.P. Water Conference**. For the most up to date and any possible changes please visit the event page at: MI-Water.org

Cancellation Policy

Registration substitutions within the same organization are allowed. Cancellations received less than 7 days from the start of the event will receive no refund. Under extenuating circumstances, a credit for training may be issued but is only redeemable for Section event registrations and must be used within the same calendar year. Credits are granted at the sole discretion of the Executive Director.
