# WINNING TEAMS FROM 2020 HEADED TO NATIONALS

Kelly Gleason, Editor

**W**elcome to the Spring 2022 issue of *Michigan Water Works News*! It's beginning to warm up and we can emerge from cold winter hibernations.

The Joint Expo & Operators Day went as planned and only lacked the competitions. With COVID-19 still lingering and the possibility of a cancel happening, the Contest Committee decided it would be fair to send the winners of the 2020 competitions, as ACE20 was cancelled and they did not get to participate at the national level.

In 2020, both the Lansing Board of Water & Light (BWL) teams won the State titles again for pipe tapping,

## Michigan Water Works News Publishing Schedule

### • Summer 2022:

Copy Due to Editor May 6. Published in July.

### • Fall 2022:

Copy Due to Editor August 19. Published in October.

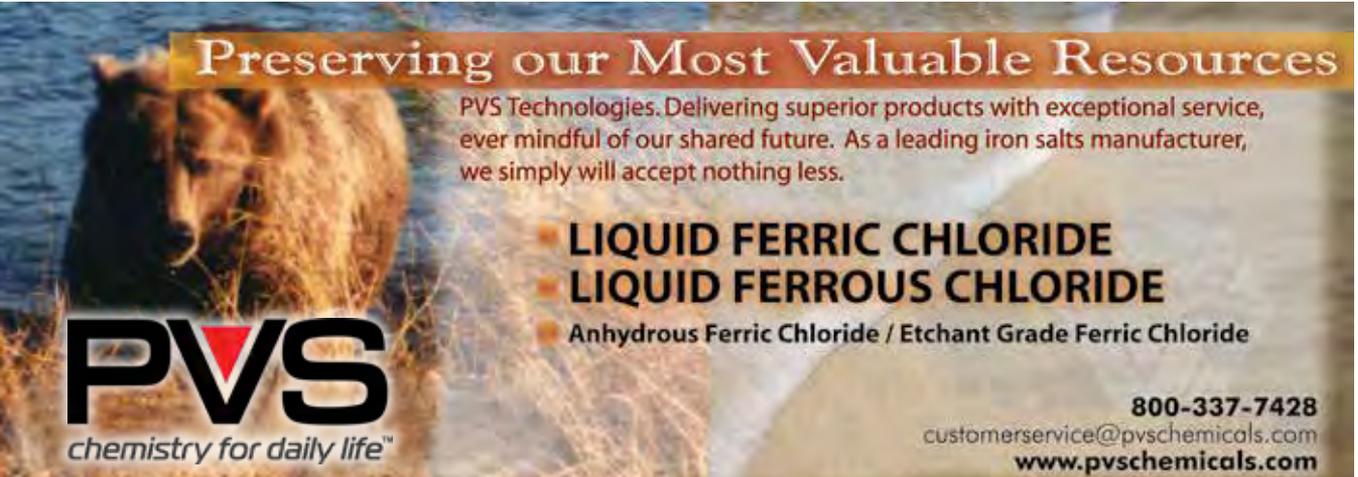

Battle Creek men's and ladies' teams took the Hydrant Hysteria title, and BWL is home to our Meter Madness representative. Way to go and congratulations! Check out the recap on page 14.

Was one of your resolutions to increase your professional development? There are many classes available.

Make sure to check out all the training opportunities on page 42.

I would love to hear about what you have been up to in the water world. You can send pictures, stories, and updates to [kelly.gleason@lbwl.com](mailto:kelly.gleason@lbwl.com) with the subject line *Water Works News* or through the MI-AWWA website at [www.mi-water.org/page/wwn](http://www.mi-water.org/page/wwn). 💧

# ELEVATING THE ISSUE OF WATER AFFORDABILITY: REVISITED AND CONTINUED

Aaron Uranga, Chair

Looking back to last spring's Chair's Message, Jaime Fleming wrote on the topic of water affordability. This spring's message is a continuation of this same topic. As Jaime eloquently noted, the phrase *water affordability* means different things to different people and that this discussion must 'engage a diversity of voices and viewpoints.'

The topic of water affordability has continued to be a key strategic priority for the Section over the past year, since Jamie put out a call encouraging members for input on this topic.

## MI-AWWA's Core Principles are to:

- Care for every person.
  - Share knowledge and expertise.
  - Protect public health and safety.
- Caring for every person necessarily includes engaging in a focused and ongoing discussion on the Affordability of Drinking Water. While aspects of this topic can be an uncomfortable, discussion around water affordability must occur within the water professional community to meet these core principals.

To this end, MI-AWWA has intentionally positioned itself as both a leader and partner in facilitating the water affordability discussion. Water affordability is a subject that involves everyone, from legislators, to suppliers, to operators, and to the public customer.

**"WATER AFFORDABILITY WILL CONTINUE TO BE A STRATEGIC PRIORITY FOR MI-AWWA INTO THE FUTURE."**

The Section is currently leading a broad conversation on water affordability. The Section has hosted an excellent discussion series of webinars from October 2021 through March 2022. This effort was shepherded by Jaime Fleming and Mark Coleman, with input from numerous other Section members and partners. The specific topics in the webinar series have been:

- Funding and Finance
- Ratemaking
- Billing
- Payment Practices
- Data and Why We Need it
- Public Engagement

Each of the webinars has been engaging and thought-provoking, plus have had a tremendous cast of presenters. This series has approached the topic of water affordability from different

viewpoints and has involved different stakeholders. I encourage any member who did not have a chance to attend to these webinars to view the recordings at the Section's Water Affordability page and I believe that all members will find them valuable.

To culminate the Water Affordability series, the Section is also hosting a Water Affordability summit on May 12 that will be attended by AWWA CEO David LaFrance. The entire Board is quite excited about this event and anticipates participation by wide diversity of Section Members. Water affordability will continue to be a strategic priority for MI-AWWA into the future, particularly as infrastructure needs are addressed in the upcoming unprecedented period of enhanced infrastructure spending. 💧

# CELEBRATING OUR SUCCESSES

Pat Staskiewicz, Director

**T**he AWWA Board of Directors held the winter board meeting on January 14, and I have included some highlights from the meeting below. This meeting was supposed to be held in person in Santa Fe, NM, but transitioned to a virtual meeting.

The Board held elections to select six new officers. Pat Kerr, President and CEO of Baton Rouge Water Works Company in Baton Rouge, LA, will serve as the Association's next President-Elect. Pat has been an active AWWA member for 28 years, having served on numerous committees and most recently as

Chair of the Water Utility Council, which coincided with his term on the AWWA Board of Directors and the Executive Committee. Pat is also a Certified Operator Level IV, Water Production and Distribution in the State of Louisiana. Pat will begin his term as President Elect at AWWA's ACE22 in San Antonio, TX, at the gavel passing on June 15, 2022, as will the other new officers.

Four Vice Presidents were elected to the board:

- Ari Copeland is an Operations Specialist with Black & Veatch Corporation, where he has worked since 2008.

- Randy Moore is the Director of Sales-Agency Development and Industry Affairs for Tnemec Company in Kansas City, MI, where he has worked since 2017. Randy was our visiting officer at MI-ACE 2019.
  - Juanita Reyher-Colon is the Executive Director of the Hawaii Rural Water Association, where she has worked since 2017.
  - Michelle Stockness is a Vice President with Barr Engineering in Minneapolis, MN, where she has worked since 2011.
- The new Director-at-Large is Mary Gugliuzza, who is the Media Relations

and Communications Coordinator for the City of Fort Worth-Water Utility, where she has worked since 1996.

AWWA remains financially healthy, but we are still proceeding with caution as we work to achieve financial balance after the pandemic. Although we did not meet our goal of 50,000 members in 2021, the Great Lakes Water Authority helped the Michigan Section to lead the way with membership this past year, due to an enterprise model arrangement they were able to negotiate with the Association. As a result, Section membership increased from 1,534 members to 1,699 members in one year! If you are a wholesale supply served by GLWA and are not yet an AWWA member, please contact us and we will get you signed up.

AWWA's DC office continues to lead the way in providing a strong voice for water policy advocacy and their recent focus has been on infrastructure spending, cybersecurity regulations, and the lead copper rule. They provide a very detailed Government Affairs Update that is available on the AWWA website ([www.awwa.org/policy-advocacy](http://www.awwa.org/policy-advocacy)) if you wish to learn more about their activities.

Cindy McCombe has recently assumed the leadership of the Marketing, Business, and Donor Development department of AWWA. Cindy and her department are implementing a plan to put a fresh look on many of the AWWA products and tools you are familiar with, starting with the website. She was very excited how well the ACE21 video came together with Section input (special thanks to GLWA!), so keep an eye out for more opportunities to share your videos and photos of members making a better world through better water.

We are hopeful that ACE22 in San Antonio, TX, will provide an opportunity for us to safely gather in person again. The conference is June 12 to 15 and will have a virtual option as well as in-person. The Texas Section always prides itself on doing things BIG and is anticipating a great turnout, so don't miss out! 💧

**“THE GREAT LAKES WATER AUTHORITY HELPED THE MICHIGAN SECTION TO LEAD THE WAY WITH MEMBERSHIP THIS PAST YEAR.”**

## WOULD YOU PASS THE TEST?

Bonnifer Ballard, Executive director

**W**hat is a moment of truth? It is when you are put to the test, when you face a decision that tests your ethics, your moral compass, your feelings about people in your lives. These past two years have been grueling. We have faced many moments of truth while managing the many stressors that the pandemic created. Lots of hand washing. Face masks. Kids learning remotely. Working remotely or having to interact with those who are. Grocery shopping only to find that the store is out of the very item you need. Not gathering with loved ones. Changing safety protocols. You get the idea. And this doesn't even touch those who fell ill and those we lost. It has been a very challenging couple of years. And that has made our moments of truth an even harder test.

Leaders, in particular, have faced these moments of truth, where their decisions help retain employees, or give them the push they needed to look for other opportunities. Often, we don't even know we're facing a moment of truth. But as I look back over the pandemic, I can now appreciate the lessons I have learned. So here are the top things I learned or was reminded of during the pandemic:

**Offer grace,** to yourself and others. We're all carrying some kind of burden.

**Stay focused** on your core mission.

**Don't be lazy.** Work hard and strive for excellence. Always.

**Take a break.** Know that you cannot go indefinitely. And neither can your employees.

**Give employees space,** so that they can soar. If you're the employee, **step up.**

**Let go** of anything that doesn't absolutely require your attention.

**Show appreciation.** When we're busy or otherwise distracted, it is all too easy to forget to say thank you. Everyone wants to feel valued and appreciated.

**“NEXT TIME YOU ARE FACING A DECISION, TAKE TIME TO CONSIDER IF YOU ARE FACING A MOMENT OF TRUTH.”**

At a glance, this list appears to be contradictory. But that's the thing. Moments of truth require thoughtfulness, because they're all unique and require different things of you. Next time you are facing a decision, take time to consider if you are facing a moment of truth. And do your best to pass the test.

*What lessons have you learned or been reminded of during the pandemic? I want to hear from you. Send your lessons learned to me at [bonnifer@mi-water.org](mailto:bonnifer@mi-water.org). I'll compile all the input I get into a future article. 💧*

# JOINT EXPO — & OPERATORS DAY —

February 8-9, 2022

We were able to meet in person for Joint Expo & Operators Day. Although COVID-19 protocols limited capacity and required that everyone wear a face mask, the conference still provided interesting and timely sessions. It was great to see colleagues and get the chance to visit vendors in the Exhibit Hall, too.

Thank you to the many volunteers, including our speakers, who made Operators Day and the Infrastructure Seminar a success.

CO-PRESENTED BY

Young Professionals and New Professionals held a raffle during the conference and raised more than \$500 for future YP/NP activities. Thank you to those companies who sponsored prizes.

**A special Thank You to the companies who sponsored this year:**

Commerce Controls, Inc.

# COALITION FOR A STRONG AND PROSPEROUS MICHIGAN

Fountain in St Joseph, MI.

The Michigan Section of the American Water Works Association (MI-AWWA) and the Michigan Water Environment Association (MWEA) have both recently joined the newly created Coalition for a Strong and Prosperous Michigan (CSPM).

CSPM has over 40 member groups covering a diverse swath of advocacy organizations, all working together to support the effective and timely distribution of state and federal resources. Over the course of the last several years, multiple federal stimulus plans and a new federal infrastructure bill have meant the state now has over \$20 billion on hand to address spending needs. This also includes an unexpected rise in state tax dollars from a variety of sources.

As you can imagine, this has generated interest in spending over \$3 billion on water infrastructure, which is proposed in Senate Bill 565. The CSPM has been working with MI-AWWA and MWEA on this spending plan to further identify areas most in need of funding. Examples include spending on lead service

line replacement, drinking water grants, PFAS mitigation, and planning grants. As part of the coalitions work, both organizations submitted comments and testified in support of this spending plan at a Senate Appropriations Committee hearing in late 2021.

With the publication of the CSPM plan (available for online review at [www.miroadmap.com](http://www.miroadmap.com)) we are now advocating with the Governor's administration and key members of the legislature on this proposal. MWSG is assisting in scheduling high-level meetings with these stakeholders to help secure this funding.

As we move through the appropriations process, advocacy from MI-AWWA and MWEA members will be very important with legislators. We urge members to reach out to their local elected state representatives and state senators to support additional infrastructure funding. Should you have any questions about this work, please feel free to contact Mike Compagnoni at [compagnoni@midweststrategy.com](mailto:compagnoni@midweststrategy.com) or Dave Hodgkins at [hodgkins@midweststrategy.com](mailto:hodgkins@midweststrategy.com).

# 2022 MI-AWWA AWARDS

## Call for Nominations

As members of the drinking water community, we know fulfilling our mission of bringing safe and reliable drinking water requires smart, dedicated, and creative people in all sorts of roles, from operators to engineers, to chemists to communicators. We also know we are surrounded by people and organizations going above and beyond for their customers, stakeholders, peers, and the public – often without recognition. Each year, the Michigan Section of AWWA celebrates and recognizes these accomplishments.

The Section is seeking nominations for the following awards. Take a moment to consider those you have interacted with that exemplify the best characteristics of professionalism in drinking water. Then, visit the Michigan Section website to fill out the brief online nomination form to submit a person or an organization for an award. If you nominated someone or an organization in the past but they did not win, please submit it again for our consideration. Nominations are typically considered for two years, including self-nominations. For the full list of awards, visit [www.tinyurl.com/miawwaawards](http://www.tinyurl.com/miawwaawards).

### **Raymond J. Faust Award**

The award recognizes one or more individuals for outstanding personal service in the water supply field. The award commemorates Raymond J. Faust for his contributions to safe public health engineering practices, his advancement of sound water supplies, and his dedication to building and promoting the waterworks industry of high esteem.

### **Chuck Van Der Kolk Volunteer of the Year Award**

The award would recognize an individual for the volunteer contributions to the Section through one or more of the following: interaction with a variety of groups (staff, councils, etc.), providing long term exceptional service to the Section, performed a single action that has a large impact on the Section, or

advanced the Section's mission through talent and service.

### **MI-AWWA Professional Excellence Awards**

With the addition of the Excellence in Water award, the Section looks to honor individuals, organizations, companies, project teams, or any other individual or group who made an exceptional contribution to the water industry. This award recognizes noteworthy efforts in protecting public health, promoting safe drinking water, innovative or creative ideas, outstanding leadership characteristics, promoting a diverse workforce, or operating seamlessly for their customers. Up to four awards (two individuals and two groups/organizations) will be given each year. There are no criteria for years of service.

### **Michigan Water Industry Hall of Fame**

Established in 2013 by the Michigan Section of AWWA, the purpose of the Michigan Water Industry Hall of Fame is to perpetuate the memory of those drinking water heroes who have made the most significant contributions to the field of public water supply in the state of Michigan.

### **Young Professional of the Year Award**

The Michigan Section of AWWA Young Professional of the Year Award recognizes the contributions of young members, whose service and achievements are exceptional for their years of experience. The award is given annually to one member of the organization that has demonstrated an active commitment to the organization and the profession as a whole.

*“We are surrounded by people and organizations going above and beyond for their customers, stakeholders, peers, and the public.”*

#### **Richard Husby Public Awareness Award**

This award recognizes a Michigan water utility, organization, and/ or individual for significant accomplishments in promoting awareness and understanding of the water supply issues among the general public, through the development and implementation of public education activities.

#### **Research and Technical Practices Award**

The Purpose of the Research and Technical Practices Award is to:

1. Acknowledge outstanding research and technical practices.
2. Share research and technical practice findings among utilities.
3. Encourage new research.

#### **AWWA LEVEL AWARDS**

##### **Operator Meritorious Service Award**

The Operator Meritorious Service Award recognizes individuals for special performance in one or more of the following areas:

1. Continuous compliance with public health standards in finished water.
2. Consistent and outstanding contribution to plant maintenance, thereby prolonging the useful life of equipment.
3. The development of new and/or modified equipment or significant process modifications to provide for a more efficient or effective treatment.
4. Special efforts in the training of treatment plant operators.

5. Special acts, not directly related to water treatment, but which demonstrate dedication to the public beyond the normal operating responsibilities.
6. Consistent and outstanding contribution to operation and/or maintenance of distribution lines, pump stations, and reservoirs.

#### **George Warren Fuller Award**

The George Warren Fuller Awards are presented annually by the American Water Works Association to the Sections' respective selected members for their distinguished service to the water supply field in commemoration of the sound engineering skill, the brilliant diplomatic talent, and the constructive leadership that characterized the life of George Warren Fuller.

#### **Exemplary Source Water Protection Award**

The AWWA Exemplary Source Water Protection Program Award recognizes a public water system that has developed and implemented model source water protection programs. The drinking water supply sources must be associated with a water system or authority that is regulated by a federal/state/province/tribe government agency. The award applies to systems using surface water and/or groundwater as their source.

#### **Wendell R. LaDue Safety Award**

The award, established in honor of Wendell R. LaDue, is presented to recognize distinguished water utility safety programs.

The deadline for nomination submissions is June 1.

# Midwest Night

June 12,  
2022

at ACE22

Returning to a tradition, MI-AWWA will host Midwest Night (aka Michigan Night), a member networking reception held for Michigan, Ohio, Indiana, and Illinois members attending AWWA's Annual Conference and Exhibits (ACE) in San Antonio, TX, in June. If you're planning to attend ACE22 in person, we'd love to help you kick off the week. Join us on June 12 at this fun networking event.

**Please pre-register at [www.mi-water.org/event/midwestnight22](http://www.mi-water.org/event/midwestnight22).**

# WHAT YOU NEED TO KNOW ABOUT THE UPDATED WATER CONSERVATION AND EFFICIENCY PROGRAM OPERATION AND MANAGEMENT STANDARD (AWWA G480-20)

By Jennifer Shimmin, Vice-Chair,  
AWWA Standards Committee on Water Conservation Practices

**T**hroughout North America, water conservation and efficiency programs play an increasingly prominent role for water providers as climate change, rising costs, and environmental and legislative constraints put pressure on water supplies. To contend with these challenges, water providers need assurance that their conservation efforts are meaningful and effective. Some may need guidance on the core components that comprise successful and effective conservation and efficiency programs, and others may need a way to evaluate how their water conservation and efficiency program measures up.

For the past eight years, the ANSI/AWWA G480 *Utility Management Standard on Water Conservation and Efficiency Program Operation and Management* has offered an industry-standard metric for evaluating programs of all sizes and budgets. The first edition of the standard was issued in 2013, and a revised version of the standard is now available, offering utilities a fresh opportunity to assess their programs.

The new edition, AWWA G480-20, which was released Feb. 1, 2021, and is available from the AWWA Store, updates and expands on the 2013 edition, including important new provisions relating to metering, water

loss control, outdoor water planning and management, and many other areas.

## Updates to the Standard

The AWWA G480-20 standard is entirely voluntary and offers a comprehensive set of program measures that utilities can choose to adopt and use to evaluate their own offerings. Utilities may formally adopt AWWA utility management standards and seek to conform to each specific requirement or simply use the standards as guidance. AWWA G480-20 includes the following sections:

- Regulatory requirements.
- Top-level organizational functions, such as staffing and planning.

**Given the heightened interest in conservation, the AWWA G480-20 standard will prove helpful for any water provider interested in increasing the level of water conservation and efficiency among its customer base.**

- Internal utility actions and requirements, such as metering, billing practices, and nonpromotional rates.
- Program components, such as landscape efficiency and transformation, landscape water budgets, and water loss control programs.
- External policy requirements, such as water efficiency in building codes and standards.
- Specific requirements for wholesale water agencies.

In building on the 2013 first edition, AWWA G480-20 includes significant updates and refinements. These include a new section on the integration of water efficiency and land use planning, along with detailed recommendations related to water shortage and drought planning, metering practices, water loss auditing, and audit validation.

#### Verification of Compliance

The new standard includes a section focused on documentation and verification of conservation and efficiency program compliance. Compliance requires a verification update every five years, which should be made available to the public. It includes transparency and full accountability, which are core components of all AWWA utility management standards.

Utilities may seek an independent review to determine how they measure up to the standard. One way to do this is by working with the Alliance for Water Efficiency (AWE), which offers an independent compliance verification service for its member agencies. AWE uses a compliance checklist, the components of which include utility conservation planning documents, water resources plans, water shortage plans, and more.

The AWE G480 Leaderboard recognizes exemplary water utilities that have adopted and complied with the voluntary AWWA G480 Standard and establishes compliance at Bronze, Silver, Gold, and Platinum levels. AWE staff look forward to submissions for review

and to get agencies listed on the new leaderboard. Utilities are encouraged to reach out to AWE for the checklist in order to begin the process.

Given the heightened interest in conservation, the AWWA G480-20

standard will prove helpful for any water provider interested in increasing the level of water conservation and efficiency among its customer base. For more information on the standard, contact Frank Kurtz at [fkurtz@awwa.org](mailto:fkurtz@awwa.org). 💧

# BENEFITTING FROM TODAY'S **TOPSY-TURVY** JOB MARKET

By Stuart Karasik, Ph.D.,  
AWWA Connections

**A**t this point in the pandemic roller coaster, hiring employees is a sink-or-swim proposition for many organizations. The stresses of managing virtual school and work, changing mask and vaccination requirements, and dealing with illnesses and quarantines have contributed to employees either looking for better paying positions, quitting, or retiring early. What some call the ‘Great Resignation’ is leaving many operations short-handed.

I recently attended training to support the hiring needs of non-mainstream companies. I was surprised to learn that a key topic of discussion was job candidates over age 40. These workers offer valuable experience, skills, knowledge and dependability, yet they may struggle with today’s mostly-virtual hiring process.

This process requires preparing a digital resume, going online to research job openings and employers, submitting online applications, and even tracking your applications through the internet. It can be impersonal, time consuming, and frustrating.

Here are four simple tips to help age-proof your job search:

## **UPDATE YOUR RESUME.**

If you’re using the same resume from your last job search, you are seriously dating yourself. Check online for the latest formats. Email addresses that end in *aol.com* or *yahoo.com*, rather than *gmail.com*, are ancient by today’s standard. Do not include dates that may reflect your age, such as college and high school graduations.

## **NETWORK.**

More experienced employees have a more extensive, effective network, so use it. Your contacts can provide references that validate your knowledge, skills and abilities. They also know who is hiring before positions are publicly announced. They also can refer you to others in their network.

## **PREPARE.**

Rehearse answers for age-related interview questions. A recent AARP survey indicated that 41% of job applicants were asked age-related questions during pre-screening, interviews, or written questionnaires. Examples include:

- Do you think you’re overqualified?
- How old are you?

- Why do you want to work?
  - Why are you unemployed?’
- Answer calmly and be proud of your age, your achievements, and capabilities.

## **FOLLOW UP.**

Send the interviewer an email thanking them for their time and reinforcing your strong points. Check in at a later date to determine the status of your application.

Even if you aren’t a job seeker now, it’s a good idea to compare your resume to newer templates. You never know when you may need to use it!

## **ABOUT THE AUTHOR**

**Stuart Karasik** spent most of his career in the human resources/personnel arena. He has a Ph.D. in education, a master’s in biology, and was the training program manager for the City of San Diego. More career resources and job opportunities are available at AWWA’s Career Center and at Work for Water.

San Antonio, Texas, USA  
June 12—15, 2022

## *In-Person or Online – ACE22 Has You Covered*

After two years, AWWA is thrilled to be returning to an in-person format, where water sector professionals can come together and learn, connect, and be inspired to solve today's global water challenges. And for those who are not able to be physically present, our event will include a hybrid feature where we stream content from our most essential tracks.

- 16 Tracks (more than 80 sessions), with 26 Sessions Streamed Virtually
- Fan-Favorite Competitions, like Pipe Tapping
- Networking Opportunities
- The Innovation Hub
- The Exhibit Hall Featuring Current Solutions

ACE22 provides an opportunity to connect with global water experts in every segment of the water sector. Whether at the Water Industry Luncheon or pre-conference workshops providing hands-on learning experiences, AWWA cannot wait to welcome back the water sector to San Antonio in June for a highly anticipated ACE22, showcasing smart technologies and new programs that address critical issues to protect the world's most important resource!

## PLAINFIELD WINS BEST TASTING WATER COMPETITION

In yet another year full of schedule adjustments and uncertainty, at long last, a champion was crowned. On February 8, 2022, in an unusual setting (MWEA-MI-AWWA Joint Expo), a Champion of Water Aesthetics emerged.

While the competition was hard, the water wasn't. Three worthy competitors brought their finest combinations of hydrogen and oxygen to the Lansing Center. The City of Manistique, Bay Area Water Treatment Plant, and Plainfield Charter Township had already survived and advanced out of their regional competitions in the fall. They arrived at Joint Expo with visions of a title dancing through their heads. But who would prevail? What system would be dubbed 2021's Best Tasting Water in Michigan?

A scrupulous panel of judges brought to bear their discerning palates. The competition ebbed and flowed,

### "WHILE THE COMPETITION WAS HARD, THE WATER WASN'T."

constantly in flux. Judges poured over the details of aroma, appearance, and taste. In the end, it took a sudden death taste-off to crown the champion.

Plainfield Charter Township Water hoisted the hardware for the first time in 30 years (1991) – a worthy champion who will represent the Section well at ACE in San Antonio, TX, this June. Congratulations to the artisans who craft **2021's Best Tasting Water in Michigan: Plainfield Charter Township!**

I am truly hopeful we will return to our normal competition schedule in 2022, so plan to bring your mason jars to your Spring regional meeting. 💧

## ENGAGE YOUR CUSTOMERS DURING 2022 DRINKING WATER WEEK

May 1-7, 2022

For several decades, AWWA and its members have celebrated Drinking Water Week, an opportunity for both water professionals and the communities they serve to join together in recognizing the vital role water plays in our daily lives. Free materials for download and additional information about Drinking Water Week are available on the Drinking Water Week webpage: [www.awwa.org/events-education/drinking-water-week](http://www.awwa.org/events-education/drinking-water-week).

Consider using some of the materials from the website to engage your customers and help educate people about

tap water during the first week in May. Remember to tag MI-AWWA and use #drinkingwaterweek2022 in your social media posts. 

## WATER AFFORDABILITY SUMMIT

May 12, 2022

Last fall, MI-AWWA began to explore water affordability. The project's first phase used six pillars to help frame the discussion:

- Funding
- Financing
- Billing and Payment Practices
- Data and Transparency
- Public Engagement
- Water as an Economic and Community Driver

The pillar topics were covered in webinars followed by discussion groups. The culmination of this phase of the project is the Water Affordability Summit, scheduled for May 12

in Lansing. The Summit will summarize the lessons learned from the webinars, provide some national perspective, touch on legal issues for Michigan, and allow for some structured dialogue among water professionals about a possible path forward in Michigan.

If you have responsibility or influence on your water system's rates, you are encouraged to attend this strategic session. Registration is complimentary for AWWA members, but pre-registration is required.

Get more information at [www.mi-water.org/event/2022wateraffordabilitysummit](http://www.mi-water.org/event/2022wateraffordabilitysummit). 

SAVE THE DATE!

# MI-ACE 2022

**Michigan Section 84th Annual Conference and Exhibits:**  
 Traverse City • Grand Traverse Resort and Spa • September 13-16, 2022

MI-ACE 2022 offers three days of presentations that will provide you with new views, help you find new approaches to your work, and inspire you to think differently about some of the water sector's most complex challenges. Join us in Traverse City and enhance your water knowledge while building your professional network with colleagues from around the state.

Exhibit space available for reservation starting May 1. Registration opens in June.

Visit [www.mi-water.org/page/miace](http://www.mi-water.org/page/miace) for more information.

# AWWA MEMBERSHIP SUMMIT

By Amy Vail, Chair

The AWWA Membership Summit was again held virtually this year. However, this allowed for a much larger participation than the in-person event that is normally held in Denver, CO.

Near the end of January, more than 100 people got together for a two-day discussion on AWWA membership. The event started off with a number of polls and a Q&A session involving current AWWA President Chi Ho Sham and President-Elect Joseph Jacangelo.

Topics discussed over the two-day event were the results of the Member Value Survey, the different types of memberships and the benefits of each one, engaging members through fundraising, inclusion infusion, marketing outlook for 2022, and the 2022 Section Challenge. We also had a virtual awards ceremony for Sections that meet various retention and growth goals.

I'm pleased to announce the Michigan Section reached both the first-year retention goal of 62% and was awarded \$1,610.65, and the 3% growth goal and won a \$100 gift card.

One of the most popular sessions is the Regional Round-Up, where members from Sections in their region get together and

**“LET’S GET OUT THERE AND ENCOURAGE OTHERS TO JOIN AWWA AND GET THE MEMBER BENEFITS THAT WE ALL EXPERIENCE.”**

discuss various topics. We are always left with ideas and new contacts after that event.

Coming away from the summit, I want to remind members that they can sign up for auto-renewals of their membership on the AWWA website under the ‘View Details’ portion of their profile.

Some other exciting news is that the AWWA is setting a membership goal of 50,000 members by the end of the year. If they reach that goal, they have put aside a pot of \$20,000 to be shared with the Sections. So, let’s get out there and encourage others to join AWWA and get the member benefits that we all experience. 💧

*Congrats!* **MICHIGAN SECTION**  
 1st Year Retention Goal AND  
 Positive Growth > 3%

# OUR NEW STAFF MEMBER

By Bonnifer Ballard

MI-AWWA is member-driven, but has a small staff team to help execute events, coordinate volunteer activities, and provide other services to members. In October, long-time Operations Coordinator Ariel Veneziano left for a new opportunity. Eric Johnson, our long-time Manager of Educational Experiences, also announced his retirement for September 2022. Allow me to introduce our new staff member, Jesson Paffhausen.

**Jesson (Jes) Paffhausen**, Operations Coordinator, is responsible for bookkeeping and business operations. Jes comes to the Section with years of bookkeeping and office management experience in a variety of industries.

The complete staff directory, including responsibilities and contact info can be found online at [www.mi-water.org/staff](http://www.mi-water.org/staff).

For your convenience here is a cheat sheet.

## A FEW TOPICS OF INTEREST FOR U.P. WATER SYSTEMS:

### LEAD SERVICE LINES

Contrary to what some believe, there are lead service lines in the U.P. They are predominantly lead goosenecks, galvanized service lines connected to lead goosenecks or galvanized service lines previously connected to lead goosenecks. A galvanized service line that has never been connected to a lead gooseneck is not a lead service line. Some U.P. water systems have galvanized service lines directly tapped into a water main (usually mains less than four-inch diameter), these service lines do not have to be replaced by the water system.

Water systems submitted their Preliminary Distribution System Material Inventory (PDSMI) to EGLE in 2020, the Complete DSMI is due on January 1, 2025. For the CDSMI, you are required to verify the service line material on the private and public side. There are four points to be verified:

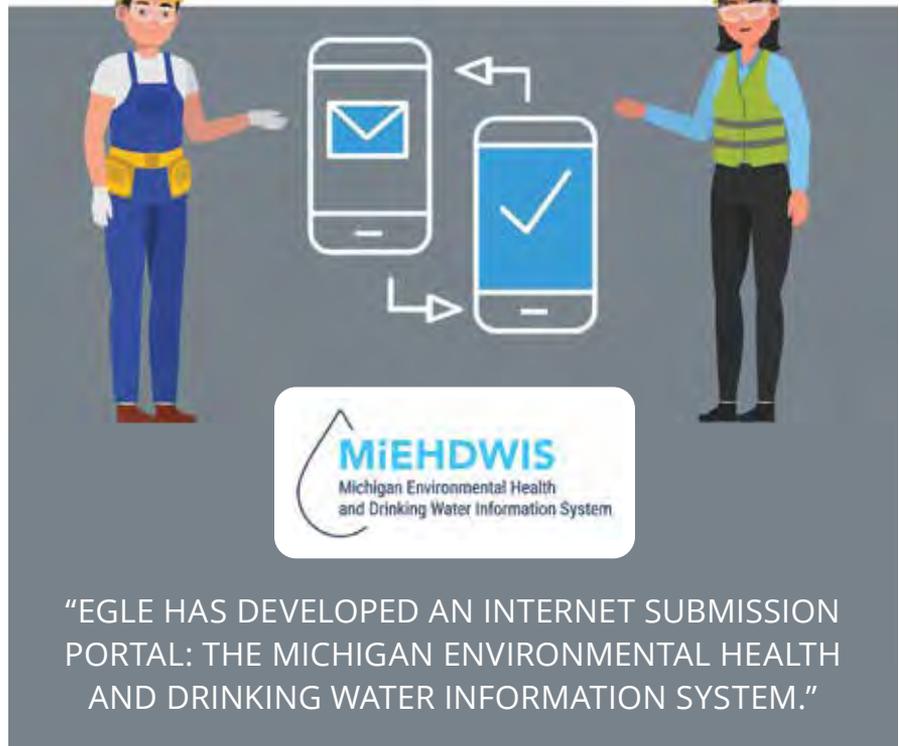

- Interior portion inside the building, up to the water meter or 18-inches inside the building, whichever is shorter.
- Minimum 18-inches from the curb stop to the building
- Minimum 18-inches from the curb stop to the main.
- The lead connector (gooseneck or pig tail).

Verification is required for service lines of unknown material in your water system. If you have fewer than 1,500 of these service lines, you need to verify 20% of them. The number to be verified if more than 1,500 is shown on a table on EGLE's Lead Copper Rule website at <https://bit.ly/3HWwN24>. This site has detailed CDSMI guidance and other lead and copper reporting requirements.

### OPERATOR CERTIFICATION

EGLE is back to the normal Operator Certification testing schedule. The 2022

**“EGLE IS REMINDING WATER OPERATORS TO CHECK THEIR OPERATOR CERTIFICATION EXPIRATION DATE AND THE NUMBER OF CONTINUING EDUCATION CREDITS (CECS) REQUIRED FOR RENEWAL.”**

testing dates are May 4 (the application deadline was March 4) and November 2 (application deadline is September 2). The exams will be held at The Northern Center at Northern Michigan University in Marquette.

EGLE is reminding water operators to check their Operator Certification expiration date and the number of Continuing Education Credits (CECs) required for renewal. If your license is expired, there is a one-year grace period to renew.

If you are renewing within the first 90 days of the grace period, a 4-Level certification needs an additional 0.1 CECs above what was required by the due date. A 1, 2, or 3 Level certification needs an additional 0.2 CECs in this time frame. The number of additional CECs needed escalates the further into the grace period you renew. Also note you cannot be an

Operator in Charge (OIC) with an expired license, you can still work as an operator but not the OIC until you have renewed.

### INTERNET SUBMISSION PORTAL

EGLE has developed an internet submission portal: the Michigan Environmental Health and Drinking Water Information System (MiEHDWIS, or 'Eddy' for short). Eddy will allow water systems to submit their lab reports, monthly operating reports, cross-connection control annual reports, etc., via the internet (permits will also eventually be submitted through Eddy). It's been in development the past two years and is being fine-tuned for public release.

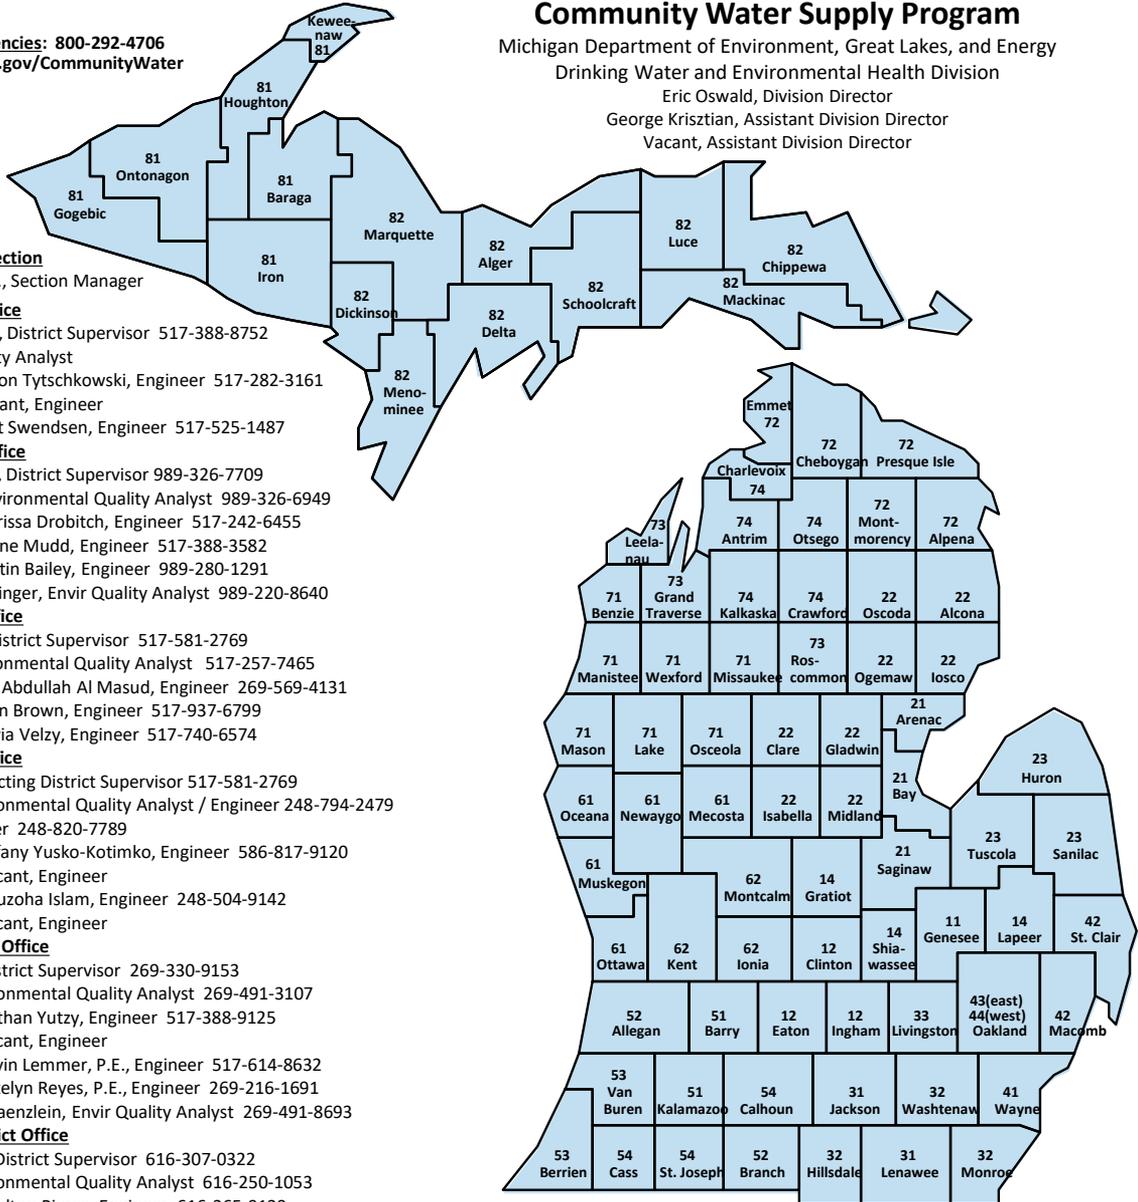

Seven U.P. water operators have volunteered to do a trial run, they received training in March and will submit reports in April. All water systems should have Eddy access later in 2022, guidance and training will be available for them as well – the general public will also have access to review water system documents. EGLE is looking forward to rolling out Eddy and streamlining the submittal process. 💧

## THE CRITICAL ROLE OF DRINKING WATER OPERATORS

Certified drinking water operators and operators-in-charge (OIC) are one of the critical layers in the multi-barrier protection model used to deliver water that meets the requirements of the *Safe Drinking Water Act* (SDWA). The multi-barrier approach includes activities such as source water protection, proper treatment, routine sampling, and distribution system management. Any breakdown in these protective barriers can leave a water supply vulnerable to failures which could lead to compromised safety, health, and welfare of the people they serve.

In recent years there has been increased interest and attention on water supplies and the work of their operators. This includes not only their

technical work, but also their behavior. Ethical behavior includes honesty, fairness, integrity, and understanding. Modeling these behaviors will help the certified operator perform their job to the best of their ability.

In the event an operator does not behave in an ethical manner, consequences can be serious. Part 19 of the Michigan SDWA Administrative Rules, specifically R 325.11917 *Suspension or Revocation of Certificates*, outlines actions that can result in an operator being placed on probation or having their certificate suspended or revoked. Enforcement cases against certified operators have involved falsification of monthly operation reports, falsification of laboratory reports, and a case involving

an operator falsifying data related to water treatment plant operations. Revocation or suspension of an operator's certification is a serious step, and not one that Michigan Department of Environment, Great Lakes and Energy (EGLE) takes lightly. However, when it comes to protecting public health, EGLE will take the necessary steps to help ensure compliance with the requirements of the SDWA.

If you ever have a question about work you are doing, please do not hesitate to reach out to a member of the EGLE staff to discuss your concerns. We are all here to fulfill the same mission, to protect public health by providing water that meets the requirements of the SDWA. 💧

**“ETHICAL BEHAVIOR INCLUDES HONESTY, FAIRNESS, INTEGRITY, AND UNDERSTANDING. MODELING THESE BEHAVIORS WILL HELP THE CERTIFIED OPERATOR PERFORM THEIR JOB TO THE BEST OF THEIR ABILITY.”**

## EGLE TRAININGS AND CALENDAR

Michigan Department of Environment, Great Lakes and Energy (EGLE) continues to host trainings, and many are still being offered in a virtual platform. These trainings are designed to help educate our drinking water operators

and environmental program partners on relevant requirements and practices.

A full listing of upcoming trainings can be found by visiting the Operator Training and Certification webpage at [www.michigan.gov/egleoperatortraining](http://www.michigan.gov/egleoperatortraining)

and clicking on the '2022 Drinking Water Training & Events Calendar.'

There are a variety of courses covering topics such as cross connections, water treatment, and Lead and Copper Rule requirements. Some of these courses are offered for free, and all are approved for continuing education credits (CECs). If you don't have time to attend the course live, many are recorded. You can find the webinar recordings by visiting EGLE's events webpage at [www.michigan.gov/egleevents](http://www.michigan.gov/egleevents). Under 'Other Training Opportunities,' select 'Past Events and Webinars.'

Please note, recorded trainings and webinars are NOT eligible for CECs, however, they are still a great tool for staying up to date on current and new drinking water requirements and studying for exams. 💧

## CONSUMER CONFIDENCE REPORTS

Each community water supply (CWS) is required to provide an annual water quality report to its customers. This annual water quality report is also referred to as the Consumer Confidence Report (CCR). The CCR includes a variety of information about a CWS, including the drinking water source, detections of regulated drinking water contaminants, and awareness of noncompliance activities.

The CCR is an opportunity for CWSs to communicate with their customers and raise awareness about the source and quality of their drinking water, and potential health risk. CCRs are a way to help protect public health.

The CCRs deliver information to consumers about the water quality in their community. Once equipped with this information, customers can make educated decisions regarding potential health risks that pertain to quality, treatment, and management of their drinking water.

There are eight required elements that must be included in a CCR. These eight elements are the minimum that every CCR must contain, which include:

- Water system information (name and phone number of a contact person; information on public participation opportunities).
- Source(s) of water.
- Definitions of terms used.
- Reported levels of detected contaminants in a table format.
- Information regarding compliance monitoring and reporting for contaminants such as cryptosporidium and radon (if detected).
- Compliance with State and Federal Drinking Water Regulations (for example, explanation of violations, potential health effects, and special notices).
- If applicable, variances and exemptions.
- Required additional information (such as, explanation of contaminants in drinking water and bottled water, statements on detections of contaminants such as sodium, nitrate, arsenic, and information on lead).

## “A CERTIFICATE OF DISTRIBUTION MUST BE SUBMITTED TO THE APPROPRIATE EGLE DISTRICT OFFICE BY OCTOBER 1 EACH YEAR.”

A CWS must deliver its CCR to customers, Michigan Department of Environment, Great Lakes and Energy (EGLE), and local health departments by July 1 of each year. It must also make a good faith effort to deliver the CCR to consumers who do not directly pay water bills.

A certificate of distribution must be submitted to the appropriate EGLE district office by October 1 each year. EGLE encourages supplies to submit the certification immediately after the CCR is distributed.

On October 23, 2018, *America’s Water Infrastructure Act of 2018 (AWIA)* was signed into law. AWIA is intended to improve drinking water and water quality, deepen infrastructure investments, enhance public health and quality of life, increases job, and bolster the economy. Included in AWIA are pending changes to the Consumer Confidence Reporting requirements, such as biannual distribution for community water supplies that serve 10,000 or more persons.

These changes are pending further actions and have not been incorporated into current rule requirements. EGLE will continue to keep water supplies up to date on the any changes that would impact CCR requirements.

For more information on CCRs visit [www.michigan.gov/communitywater](http://www.michigan.gov/communitywater) and click on ‘Consumer Confidence Report Rule.’ For supplies utilizing the EGLE CCR Template, always make sure to use the current version.

To help CWSs in meeting the CCR requirements, EGLE can provide a draft review. If a CWS would like to have a draft review of their CCR, they will need to submit a copy and request to their district email address by no later than June 1 each year. EGLE reviews the CCR drafts in the order they are received. The review process can take up to two weeks, so CWSs would need to plan accordingly.

For questions on CCR requirements, contact Randi Henderson at [hendersonr7@michigan.gov](mailto:hendersonr7@michigan.gov) or at 517-899-4974. 💧

## qdos Peristaltic Metering

Safe, accurate chemical metering,  
and heavy duty pumps, meeting  
versatile demands.

## Bredel

Hose Pumps

Maximum performance with  
minimum maintenance. Reduced  
operating costs with no downtime.

Suitable across many  
applications.

WATER

WASTEWATER

Simplicity in installation, operation and maintenance were key considerations when designing the Qdos range of pumps.

- Cut cost through higher accuracy metering
- Simple drop-in installation eliminates ancillary equipment
- Reduced maintenance with single, no-tools, component replacement
- Flow rates from 0.1 to 2,000 ml/min (0.001 to 32 USGPH) at up to 7bar (100psi)

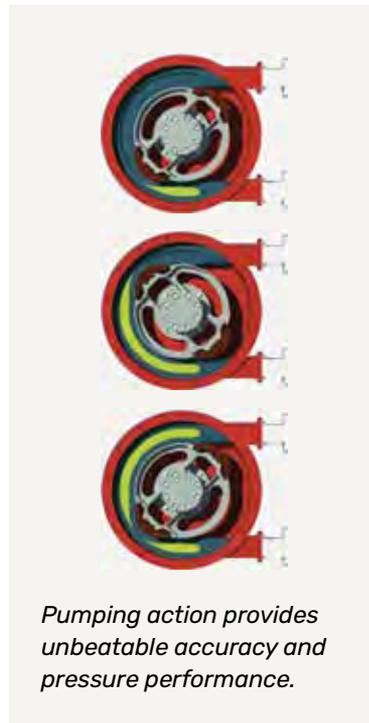

## Bredel

### Hose Pumps

High maintenance diaphragm, rotary lobe, or progressive cavity pumps can't match the rugged, reliable 24/7 dependability.

- No ancillary equipment, check valves or sealing water flush systems
- Pumps abrasive slurries, corrosive acids, large solids and gaseous liquids with ease
- Ideal for high viscosity or shear sensitive product
- Run-dry indefinitely without damage
- Minimal maintenance – just change the hose
- Suction lift capability up to 9.5 metres and self-priming
- $\pm 1\%$  metering accuracy

*Pumping action provides unbeatable accuracy and pressure performance.*

*Qdos ensures a supply of safe drinking water.*

*Precision chemical dosing saves time and money at wastewater plants.*

### OUR VISION

A better Michigan through better water.

### OUR MISSION

Improving lives through the effective management of water, Michigan's most vital resource.

The Michigan Section of the American Water Works Association (MI-AWWA) represents nearly 1,800 water professionals throughout Michigan. MI-AWWA strives to bring value to its members through high quality programs and services as well as fulfilling volunteer experiences. MI-AWWA is a member-driven organization with programs being developed for and by water professionals, many of whom volunteer their time and expertise. Others exemplify outstanding service to their communities and are recognized through the many awards offered through MI-AWWA. Thank you for your dedication to the water sector!

## SECTION LEADERSHIP

### 2021-2022 MI-AWWA

#### Board of Trustees

*Chair*  
Aaron Uranga

*Chair-Elect*  
Wayne Jernberg

*Past-Chair*  
Jaime Fleming

*Director*  
Patrick Staskiewicz

*Secretary-Treasurer,  
Incoming Director*  
Christine Spitzley

*Trustees*  
Molly Maciejewski  
Matthew Parks  
Rick Solle  
Lenny Solomon  
Gary Wozniak  
Michelle Zdrodowski

#### Communications Council

Aftab Borka, *Chair*  
LaShone Bedford, *Vice Chair*  
Stephanie Dillon  
Kelly Gleason  
Angie Goodman  
Becky Lahr  
Michael O'Malley  
Kaisra Osman  
Randall Roost  
Nichole Sajdak  
Thomas Smith  
Michelle Zdrodowski  
Ariel Zoldan

#### Conference and Recognition Council

Adam DeYoung, *Chair*  
Douglas Scott, *Vice-Chair*  
Greg Alimenti  
Aaron Davenport  
Jessica Howard  
Jack Hughes  
Susan Knepper  
Kip Koszewski  
David Stinson

#### Education and Training Council

Paul Reinsch, *Chair*  
Sanjeev Mungarwadi, *Vice-Chair*  
Koren Carpenter  
Helen Davis  
Jonathon Dmitruk  
Sally Duffy  
Jaime Fleming  
Lisa Fought  
Jamie Hockemeyer  
Glenn Hummel  
Jeff Keown  
Jun Kim  
Cheryl Louden  
Dawn Lund  
LJ Melrose  
Robert Miller  
Ian Robinson  
Peter Schwarz  
Sandra Sutton  
Brian Thurston  
Joseph VanderStel  
Geneva Vanlerberg  
Jennifer Warner

#### Government Affairs Council

Matthew Kennedy, *Chair*  
Clyde Dugan  
Trista Gregorski  
Scott House  
Michael McDaniel  
John O'Brien  
Cheryl Porter  
Randy Scott  
Robert Veneklasen  
John Willemijn

#### Membership Council

Amy Vail, *Chair*  
Carrie Cox, *Vice Chair*  
Hillary Caron  
Alando Chappell  
Terri Conerway  
Richie Garcia  
Zachary Hampton  
Barbara Marczak  
Frank Williams

#### Strategic Partnership Council

John Willemijn, *Chair*  
Thomas Smith, *Vice Chair*  
Rachael Barlock  
Brian Phillips  
Brad Shepler

## COMMITTEES AND TASK FORCES

#### Annual Golf Outing

Kyle Bentley, *Chair*  
Aaron Davenport  
Chuck Kronk

## PAST AWARD RECIPIENTS

### OUTSTANDING SERVICE AWARD

Charles Van Der Kolk	2015
William A. Kelley	2008
Donald K. Shine	1985

### ABEL WOLMAN AWARD OF EXCELLENCE

Gene Glysson	2018
Gary S. Logsdon	2015

### AWWA VOLUNTEER OF THE YEAR AWARD

Charles Van Der Kolk	2017
----------------------	------

### AWWA HONORARY MEMBER

David Koch	Chicago	2019
Gerald Caron	Wyoming	2015
Janice Skaden	Ann Arbor	2008
Charles Van Der Kolk	Zeeland	2007
Ervin Stahl	Haslett	2005
Eric J. Way	Lansing	2005
Sue McCormick	Ann Arbor	2003
Bill Kelley	Lansing	2002
John A. DeKam	Bay City	2001
James K. Cleland	Lansing	2001
Wm. Elgar Brown	Lansing	2000
Wayne H. Abbott Jr.	Ann Arbor	1988
Nina McClelland	Ann Arbor	1985
Donald K. Shine	Wyoming	1983

### DIAMOND PIN AWARD

Chuck Van Der Kolk	Zeeland	2009
Eric J. Way	Lansing	1993
Gregory Sowa	Saginaw	1991
Kenneth McGeorge	Macomb Township	1987

### AWWA MICHIGAN LANDMARKS

City of Ann Arbor Water Treatment Plant	2017
John Dye Water Conditioning Plant	2014
Mt. Clemens Water Filtration Plant	2005
Sault Ste. Marie Water Storage Tank	1996
Grosse Pointe Farms Water Treatment Plant	1994
Marine City Water Works	1992
Lake Superior Water Works	
Swedetown Standpipe, Calumet	1991
Alpena Water Treatment Plant	1991
Water Works Park, Detroit	1988
Monroe Waterworks Filtration Plant	1985
Ann Arbor Barton Dam and Impoundment	1985
Grand Rapids Monroe Ave Water Plant	1980

### AMBASSADOR AWARD

Eric J. Way	Lansing	1999
Gregory Sowa	Saginaw	1997
Gordon E. Olivier	Lansing	1981

### PLATINUM PRESIDENTIAL AWARD

Eric J. Way	Grand Ledge	2014
-------------	-------------	------

### SILVER PRESIDENTIAL AWARD

Eric J. Way	Lansing	1999
Gordon E. Olivier	Lansing	1981

### JACK A BORCHARDT AWARD

Terese Olson	Ann Arbor	2020
Lutgarde Ruskin	Ann Arbor	2017
Eugene A. Glysson	Ann Arbor	2011
Eric J. Way	Grand Ledge	2011
Thomas Newhof	Grand Rapids	2008
James Cleland	Lansing	2005
Richard Force	Ann Arbor	2002

Ervin H.A. Stahl	Lansing	1986
Jack E. Cooper	Plymouth	1983

### MI-AWWA CHUCK VAN DER KOLK VOLUNTEER OF THE YEAR AWARD

Dan Sroka	Trace Analytical Lab	2021
Christine Spitzley	OHM Advisors	2020
Mark Coleman	Wade Trim	2019
Pat Staskiewicz	Ottawa County	2018

### PROFESSIONAL EXCELLENCE AWARD

Aaron Kirt	2021
Andrae Savage	2021
City of Wyoming Water Treatment Plant	2021
Balvinder Sehgal	2020
Doug Sweeris	2020
Trevor Wagenmaker	2020
City of Battle Creek	2019
Donald Petrovich	2019
Christopher Steary	2019

### EXEMPLARY SOURCE WATER PROTECTION

Plainfield Charter Township	2019
Village of Holly	2017
Lansing Board of Water and Light	2016

### RESEARCH AND TECHNICAL PRACTICES AWARD

Lansing Board of Water and Light	2018
----------------------------------	------

### YOUNG PROFESSIONAL OF THE YEAR AWARD

Susan Knepper	2021
Alex Fleet	2020
Rachael Barlock	2019
Tony Cecchini	2017
Jenna Karazim	2016
Patrick Droze	2015
Carrie Ricker Cox	2014
Jaime Petrovich	2013
Dave Harran	2012
Dave Schroeder	2011
Dan Kitchen	2010
Jeff Glover	2009
Matt Tomlinson	2008
Dan Lewis	2007
Brian Steglitz	2006
Kris Philip	2006

### RICHARD HUSBY PUBLIC AWARENESS AWARD

Lansing Board of Water and Light	2021
Erin Campbell	2014
Michael O'Malley	2013
Susan Deming	2012
David Morse	2011
Gary Wozniak	2010
Dennis Williams	2009
Mary Jane Robinson	2008
City of Kalamazoo's Wellhead Protection Team	2007
Christine Kosmowski	2006
Pat Idema	2005
Mark Coleman	2004
Mike Roon	2003
Christine Spitzley	2002
Vincent Ferrarese	2001
Lynda Crites	2000
Richard Husby	1999
Chuck Van Der Kolk	1998
Robert Scheuerman	1997
Patsy S. Clark	1996
Brad Brogren	1995

### EXECUTIVE DIRECTOR'S AWARD

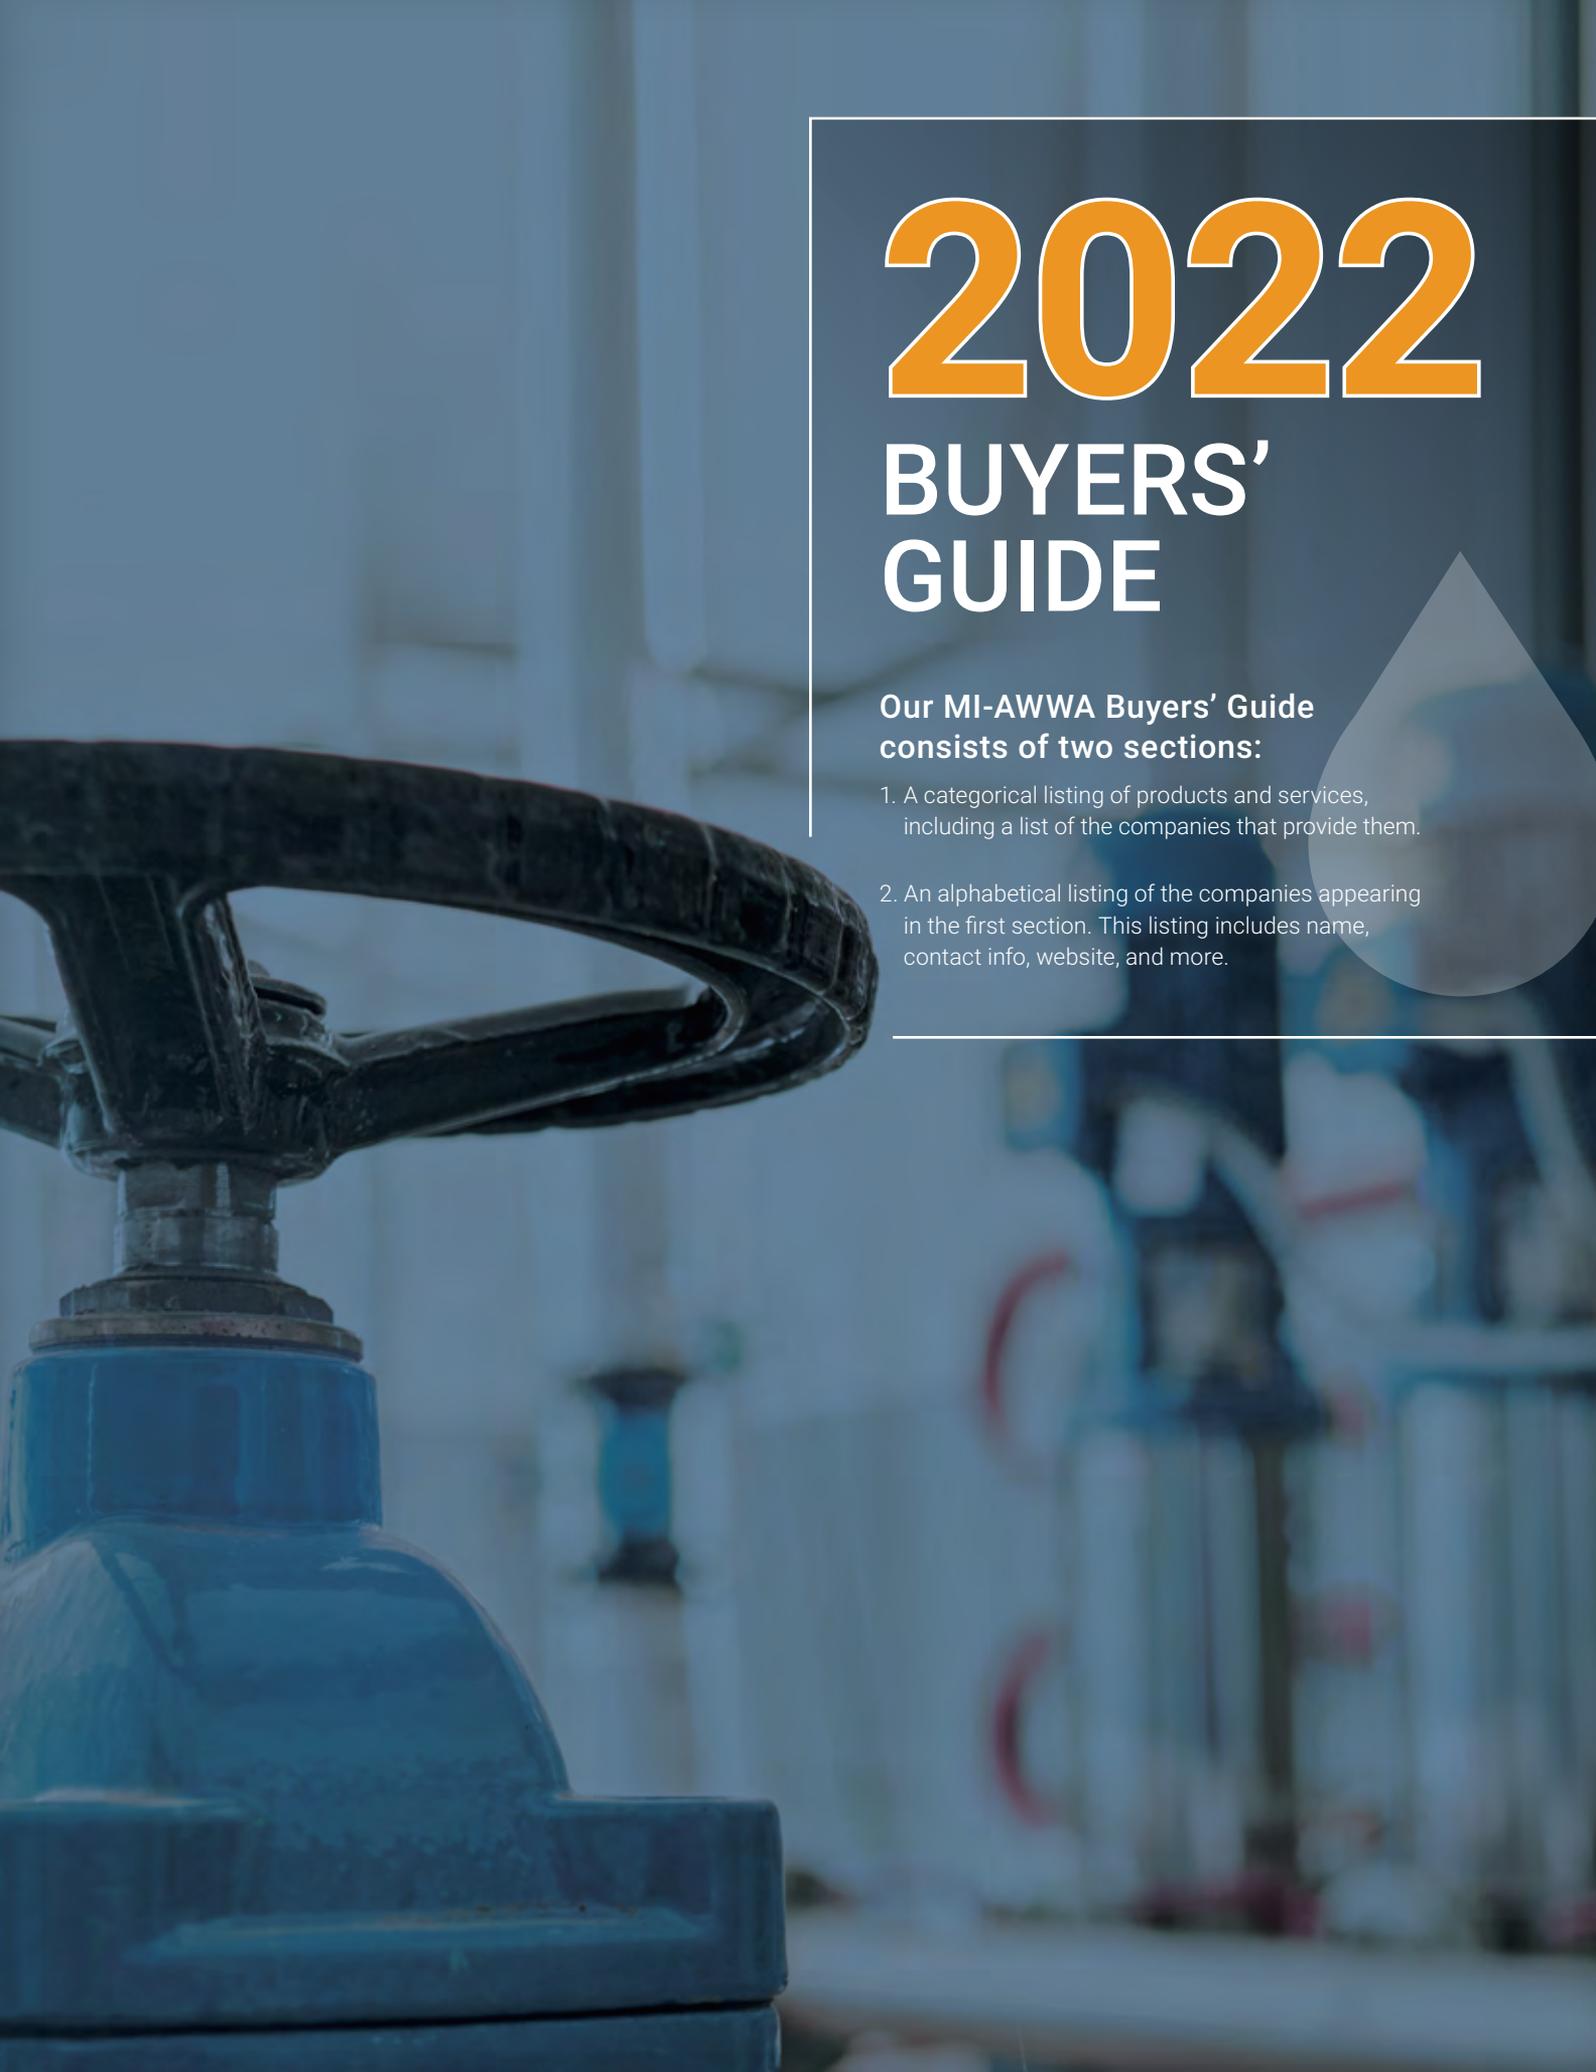

Sally Duffy	2021
Dave Stinson	2018
Scott Schmidt	2017
Gary Wozniak	2017
Ray Berkin	2016
Thomas Smith	2015

## OUR CORE PRINCIPLES

- Protect** Public Health and Safety
- Share** Knowledge and Expertise
- Care** for Every Person

## BUYERS' GUIDE

**Our MI-AWWA Buyers' Guide consists of two sections:**

1. A categorical listing of products and services, including a list of the companies that provide them.
2. An alphabetical listing of the companies appearing in the first section. This listing includes name, contact info, website, and more.

## LISTINGS BY CATEGORY

### **ACOUSTIC PIPELINE CONDITION ASSESSMENT**

M.E. Simpson Co., Inc.

### **ACTIVATED CARBON**

Carbon Enterprises, Inc.

### **AMI COMMUNICATIONS**

Neptune Technology Group

### **AMR**

Neptune Technology Group

### **ASSET MANAGEMENT**

M.E. Simpson Co., Inc.

### **ASSET MANAGEMENT PROGRAMS**

SUEZ Advanced Solutions

### **AUTOMATIC METER READING SYSTEMS**

Neptune Technology Group

### **BYPASS CAPABILITY**

Watertap, Inc.

### **CHEMICAL PROCESSING AND FEED SYSTEMS**

Kennedy Industries

### **COATINGS, LININGS, AND CORROSION CONTROL**

Induron Protective Coatings  
SUEZ Advanced Solutions

### **COMBINED HEAT AND POWER**

Kraft Power Corporation

### **CONTRACTORS**

Taplin Group

### **CSO/SSO CONTROLS, WATER RESOURCES, DISTRIBUTION, AND COLLECTION**

Arcadis of Michigan, LLC  
Brown and Caldwell  
CDM Smith  
Hubbell, Roth & Clark, Inc.  
Jacobs  
Midwest Municipal Instrumentation, Inc.  
MPI – McWane Plant and Industrial

### **DECHLORINATION**

Integra Chemical Company

### **DEHUMIDIFIERS**

Hi-E Dry Store

### **ELECTRICAL, INSTRUMENTATION/ CONTROLS/GENERATORS**

Kennedy Industries  
Midwest Municipal Instrumentation, Inc.  
Peerless Midwest, Inc.  
UIS SCADA  
Wade Trim

### **ENGINEERS/CONSULTANTS**

AECOM  
Arcadis of Michigan, LLC  
Brown and Caldwell  
CDM Smith  
Dixon Engineering, Inc.  
Fishbeck  
Fleis & Vandenbrink  
Hubbell, Roth & Clark, Inc.  
Jacobs  
Jones & Henry Engineers  
MPI – McWane Plant and Industrial  
Prein & Newhof  
Spicer Group, Inc.  
Wade Trim  
Williams & Works

### **FLOW METERS**

Neptune Technology Group

### **FILTER MEDIA**

Carbon Enterprises, Inc.  
Peerless Midwest, Inc.

### **FILTRATION**

AECOM  
Arcadis of Michigan, LLC  
Carbon Enterprises, Inc.  
Peerless Midwest, Inc.

### **FRP DOORS AND GRATING**

JGM Valve Corporation

### **GENERAL INDUSTRIAL**

Trace Analytical Laboratories, Inc.

### **GEOGRAPHIC INFORMATION SYSTEMS**

Fleis & Vandenbrink  
Prein & Newhof  
Spicer Group, Inc.

### **INSPECTOR/LOCATORS**

Taplin Group

### **LABORATORIES/SUPPLIES**

Prein & Newhof  
Trace Analytical Laboratories, Inc.

### **LARGE DIAMETER LEAK DETECTION**

M.E. Simpson Co., Inc.

### **LEAK DETECTION**

Neptune Technology Group

### **LEAK DETECTION SERVICES/ WATER AUDITS**

M.E. Simpson Co., Inc.

### **LINE STOPS**

Watertap, Inc.

### **MANHOLE COVERS AND FRAMES**

Core and Main LP  
EJ  
Michigan Pipe & Valve

### **MASTER/PRODUCTION AND LARGE FLOW METER TESTING**

M.E. Simpson Co., Inc.

### **METERS/METER TESTING**

Core and Main LP  
Michigan Pipe & Valve  
Midwest Municipal Instrumentation, Inc.  
Neptune Technology Group  
SLC Meter  
SUEZ Advanced Solutions  
UIS SCADA

### **METER READING SYSTEMS**

Core and Main LP  
Michigan Pipe & Valve  
Midwest Municipal Instrumentation, Inc.  
SLC Meter

### **MONITORING REQUIREMENTS TESTING**

Trace Analytical Laboratories, Inc.

### **ODOR CONTROL SOLUTIONS**

Jacobs

### **OPERATION SERVICES**

Fleis & Vandenbrink

### **PIPE AND APPURTENANCES**

AMERICAN Ductile Iron Pipe  
Core and Main LP  
Michigan Pipe & Valve

### **PIPELINE PRODUCTS**

Induron Protective Coatings

### **PLANNERS**

Williams & Works

### **PROCESS MECHANICAL**

AECOM  
Brown and Caldwell

### **PUMPS/PUMP SYSTEMS**

AECOM  
Arcadis of Michigan, LLC  
Brown and Caldwell  
CDM Smith  
Detroit Pump and Manufacturing Co.  
Hubbell, Roth & Clark, Inc.  
JGM Valve Corporation  
Kennedy Industries  
Peerless Midwest, Inc.  
Spicer Group, Inc.  
Wade Trim

### **SCADA/ASSET MANAGEMENT**

UIS SCADA

### **SEPTAGE RECEIVING FACILITY**

JGM Valve Corporation

### **STORAGE TANKS/ RESERVOIR SYSTEMS**

CDM Smith  
Dixon Engineering, Inc.  
Hubbell, Roth & Clark, Inc.  
Induron Protective Coatings  
SUEZ Advanced Solutions

### **SURVEY**

Fleis & Vandenbrink  
Prein & Newhof  
Williams & Works

### **TANK MAINTENANCE AND INSPECTIONS**

Pittsburg Tank & Tower Maintenance Co.

### **TANKS/PRE-STRESSED CONCRETE**

Pittsburg Tank & Tower Maintenance Co.

### **TRENCHLESS PIPE REHABILITATION**

Granite Inliner, LLC

### **VALVES**

Core and Main LP  
JGM Valve Corporation  
Kennedy Industries  
Michigan Pipe & Valve  
MPI – McWane Plant and Industrial  
Watertap, Inc.

### **VALVE INSERTIONS**

Watertap, Inc.

### **WATER DISTRIBUTION SUPPLIES**

SLC Meter

### **WATER STORAGE TANKS**

Induron Protective Coatings

### **WATER QUALITY MONITORS**

Trace Analytical Laboratories, Inc.

### **WATER TANK ENGINEERING AND INSPECTION**

Pittsburg Tank & Tower Maintenance Co.

### **WATER TREATMENT CHEMICALS**

Haviland Products Company  
Integra Chemical Company  
MPI – McWane Plant and Industrial  
PVS Technologies

### **WATER/WASTEWATER TANKS**

Pittsburg Tank & Tower Maintenance Co.

### **WATER/WASTEWATER TREATMENT SYSTEMS**

AECOM  
Arcadis of Michigan, LLC  
Brown and Caldwell  
CDM Smith  
Fleis & Vandenbrink  
Granite Inliner, LLC  
Haviland Products Company  
Hubbell, Roth & Clark, Inc.
