Discussion Questions to Explore

After Garrett Buck's presentation, we invited you to explore the following questions with your watch party, team, or pets:

- Share name, role, organization, location and an icebreaker: What's your favorite potluck recipe?
- What did you learn during this keynote? Or what are you thinking differently about?
- What would it take to host a regular potluck in my community? Who could I reach out to for help?
- What are ways I've stopped participating in community since COVID? How has that changed my experience of my community?
- What is one event or gathering I have attended in the past year that helped reconnect me to my community - or maybe myself?
- What are the barriers I or my organization faces in gathering people?
- How does the idea of a potluck challenge the way we have historically gathered our clients, donors, or community members? Is there anything from this keynote we could adapt to the ways we bring our community together?
- What is one approach or thing I am inspired to try after this keynote and conversation?
