Doctor Messinger is a practicing board-certified veterinary dermatologist in the Denver, Colorado area. She received both her Bachelor of Science and Doctor of Veterinary Medicine degrees from Cornell University, and after veterinary school, she completed a one-year small animal internship at the Animal Medical Center in New York City and then a dermatology residency at the University of Florida. Dr. Messinger is board-certified by the American College of Veterinary Dermatology (ACVD) since 1993. She has lectured on veterinary dermatology at the international, national, and local level and has been involved in several clinical trials, many of which were to help with allergies.

Doctor Messinger enjoys all areas of veterinary dermatology, and her pet family includes dogs, fish and too many cats.
