VETERINARIANS

Hubbardston Veterinary Clinic is a privately owned, AAHA accredited small animal practice that is looking for another **FULL TIME VETERINARIAN** to join our team. We are not a Fear Free accredited practice, but each doctor and technician/assistant are individually certified. We focus on taking care of our clients, patients, and each other. We have all the staples to practice high quality medicine and have a boarded internist that consults on internal medicine cases and provides our abdominal ultrasounds. We work with and support a number of rescue organizations and are also honored to support a couple of police dogs from the surrounding area. Typical benefits. Ideal applicant will have a great work ethic with a kind demeanor towards people and animals and an ability to work as part of a tight knit team. Please contact Lauren Moreno, DVM laurenmoreno@charter.net

Urgent Care Doctors needed:

Are you looking for a change of pace? Have you thought about doing some emergency practice, but feel like you might not want to deal with critical, life-threatening emergencies? OSVS and BSVESS are offering Urgent Care services whenever we have the staff to do it. Currently, OSVS has Urgent Care regularly 4 days a week, but we are hoping to expand to 7 days a week and offer services at BSVESS as well. The cases are typically similar to the types of emergencies managed in general practice. This service allows our ER to triage the non-critical patients into open appointments and helps to keep the ER available for more pressing emergencies. If you are interested in experiencing the ER/Specialty environment - on either a part time or full time basis - please contact Dr. Justine Johnson at jjohnson@osvs.net.
