Hubbardston Veterinary Clinic is a privately owned, AAHA accredited small animal practice that is looking for another **FULL TIME VETERINARIAN** to join our team. We are not a Fear Free accredited practice, but each doctor and technician/assistant are individually certified. We focus on taking care of our clients, patients, and each other. We have all the staples to practice high quality medicine and have a boarded internist that consults on internal medicine cases and provides our abdominal ultrasounds. We work with and support a number of rescue organizations and are also honored to support a couple of police dogs from the surrounding area. Typical benefits. Ideal applicant will have a great work ethic with a kind demeanor towards people and animals and an ability to work as part of a tight knit team. Please contact Lauren Moreno, DVM laurenmoreno@charter.net

Donations

Hello fellow veterinarians! I have asked in the past for medical supply donations for my onsite volunteer work in all areas of the country. I have recently been asked by a group of rescue organizations in the UK to help find much needed medications as they are astronomically expensive and there are literally thousands of animals in need in Ukraine, and Romania. I am asking for donations of flea, tick meds, heartworm, intestinal dewormer, metronidazole, amoxicillin, doxycycline, Clavamox, trimethoprim sulfa, anti-nausea meds such as Cerenia or Ondansetron, famotidine, NSAIDS, gabapentin, amantadine, eye, ear meds, ear cleaners, bandage material, muzzles, CITE tests for heartworm, parvo, and vaccines which I am arranging with vendors. These cannot be a past clients used meds but bottles of meds. They can be expired. I will mail these myself to the Netherlands where they will then be distributed. Please let me know what you would be interested in donating! I can pick up where, whenever. They will be put to excellent use as most of the animals we treat have no access to veterinary care. Thank you! Amy Shroff, VMD Amy.shroffvmd@gmail.com 617-797-3482
